**SALARY TAX CUT VOTED**  
**ALIEN BILL HELD BACK**

**Plan on Earnings Exclusion Angle**  
**Passes Senate Not Discussed**

Limit of \$10,000 Placed on Amount to Benefit by One-Fourth Slash

Mellon's Proposal Aimed to Check Evasions is Hit as Exempt Bond Levy

(BY A. P. NIGHT WIRE)  
WASHINGTON, April 30.—A Treasury Department proposal reducing by 25 per cent the tax on earned income was approved today by the Senate but another proposal by Secretary Mellon, aimed to check tax evasion struck a snag.

Acceptance of the earned income proposal means that all taxpayers with incomes of \$5,000 or less would be able to cut one-fourth of their taxes after this year in addition to whatever other reductions may be ordered in the regular normal income tax rates.

The Senate cut down, however, from \$20,000 to \$10,000, the maximum amount on which such a reduction could be made. The House provision defining all incomes of \$5,000 or less as earned was accepted.

**PLAN HITS SNAG**

Considerable opposition arose, however, to the Treasury proposal's limit deduction which may be made on account of interest payments to the amount by which these payments exceed the income from tax-exempt securities.

Opponents of the plan in indirect tax on tax-exempt bonds, Senator Reed, Republican, Pennsylvania, declared the provisions, said it would not affect these bonds but would prevent evasions of taxes and net the government \$25,000,000 additional revenue annually.

A vote on the proposal was put over until tomorrow. It was agreed by the House without debate, but turned down by the Senate Finance Committee.

Meanwhile new negotiations were opened by the Republicans ranks looking to a compromise on the Mellon rates with the approach of the fight on the income tax schedule.

An attempt of Senator McCormack, Republican, Illinois, to unite the party on a plan calling for an increase in the Mellon rates to a maximum of 27 per cent is understood to have brought (Continued on Page 2, Column 3)

**HUSANE IS INJURED IN MAT BOUT**  
**FORMER PROGRESSIVES DECLARE FOR COOLIDGE**

**Terrible Turk Taken to Hospital After Contest With London**

Falling to get up from the mat where he was hurled by his adversary in a wrestling match at the Philadelphia Auditorium last night, Husane, known as the "Terrible Turk," was taken to the Receiving Hospital where he was found to have received a ruptured rib and a fractured right rib.

Husane and Jim London, who is reputed to be the Greek champion, had been wrestling for one hour and twenty minutes when the latter threw Husane with a head-lock. Husane landed on the mat, flat on his back, and with London on top of him. The fallen wrestler made no move to arise and London's hand was raised signifying that he had won the first fall.

Twenty minutes later Husane was still unconscious and by that time the worried promoters put in a call for the ambulance and the wrestler was removed to the Receiving Hospital, where he recovered consciousness after half an hour's treatment by Police Surgeon Dunsmore and Dr. Elmer Anderson.

Husane is known as one of the best wrestlers in the game today. He holds decisions over Joe Stecher, Wladek Zyzanski and the great Strangler Lewis. In New York he recently defeated Prince Gogober, the Indian champion. Because of his great strength Husane has been called "The Turkish Bone-crusher" and "The Terrible Turk" by sports writers.

London is equally well known to mat fans and has always been a favorite with followers of the wrestling game because of his clean work and lightning-speed.

**Mrs. Harris in Move to Reopen Annulment Suit**

(BY A. P. NIGHT WIRE)  
NEW YORK, April 30.—Mrs. Elaine Harris today took steps to obtain a new trial of the marriage annulment suit brought by her against her husband, George H. Harris, recently decided in Harris' favor by a Supreme Court jury.

A letter purporting to have been written by Harris to a woman friend, "Mrs. Harris," was presented by Mrs. Harris' attorney to the Supreme Court Justice Grier. The court granted the application.

**Plan Considered by Republicans**  
**Huge Toll of Life and Property Taken on Thousand-Mile Trail of Cataclysmic Storm**

Millions May be Enabled to Listen in as Coolidge is Nominated

G.O.P. Chiefs Name Burton Keynote and Arrange Other Details

(BY A. P. NIGHT WIRE)  
CLEVELAND (O.), April 30.—A project for broadcasting the proceedings of the Republican National Convention which opens here June 10 on a scale which promises to make the decisions of the quadrennial gathering available to perhaps 20,000,000 people in every quarter of the nation was considered today by the subcommittee on arrangements.

The plan contemplates simultaneous broadcasting from New York, Washington, Providence, Atlantic City, Pittsburgh, Cleveland, Buffalo, St. Louis, Kansas City, Omaha, and Dallas.

Chairman John T. Adams of the national committee and a majority of the committee on arrangements are known to favor the plan.

Formal selection of Congressman Theodore E. Burton of Ohio as temporary chairman and keynote of the convention was made by the subcommittee which also completed final plans for setting the intricate convention machinery in motion. A complete staff of officers to handle the sessions was appointed and final touches were put on local arrangements for accommodation of the thousands which will besiege the city.

**BUTLER SITS IN**

National Committeeman William M. Butler of Massachusetts, manager of President Coolidge's pre-convention campaign, sat with the committee and was consulted in virtually every decision. Mr. Butler presented the name of Representative Burton for the temporary chairmanship, which was endorsed by Republican leaders as a definitely disposing of the suggestion that the selection was in entire harmony with the views of the President. The nomination was seconded by Gen. T. C. Blanton, member of Delaware and the selection was by unanimous vote.

Informal discussion of Senator John W. Wadsworth, Jr., of New York as a likely candidate for the permanent chairmanship was understood to have revealed a strong sentiment favorable to the New Yorker.

Selection of the permanent chairmanship is a subject under consideration of the convention, however.

Several members of the committee are reported to have regarded the nomination of Wadsworth's name as a token that in the event of such a choice the convention would quickly turn eyes westward for a Vice-Presidential nominee.

**SEATS FOR 12,161**

Distribution of tickets for the convention will be by the same method as has been followed in previous years, with each State's allotment to be delivered to the National Committee in the form of a letter to the convention. Final plans for the convention seating arrangement indicate a capacity of 12,161.

Mr. Adams announced that the committee on contests, headed by Senator George Wharton Pepper of Pennsylvania, would begin hearings here on June 4. Thus far the only contests in sight are in Mississippi and Georgia and one each in Arkansas and South Carolina.

**PARTY PLATFORM TO BE DICTATED BY PRESIDENT**

(BY A. P. NIGHT WIRE)  
WASHINGTON, April 30.—With the ratification at Cleveland today by the subcommittee on arrangements for the Republican National Convention of the selection of Representative Theodore E. Burton of Ohio as temporary chairman, Republican national politics were again transferred to Washington with President Coolidge taking command of his own campaign.

A series of conferences is slated to take place, beginning this week, at which a final decision will be reached as to the chairmanship of the Republican national committee, the permanent chairman and chairman of the resolutions committee.

Every detail of the convention and the following campaign will be mapped out and agreed upon between the President's friends and the leaders of the National Committee, subject to the ratification of the President.

Work on the Republican platform has begun already, a tentative draft being well under way. This document, when completed by the National Committee in accordance with suggestions received from all parts of the country, will finally be submitted to President Coolidge for his approval, revision and amendment as he sees fit.

There is every indication that President Coolidge will stand on a platform this year of his own making and that he will take the responsibility for the platform as well as for the execution, in the event of his election, to a greater

(Continued on Page 2, Column 2)

**UNIVERSITY IS PLANNED**  
**Los Angeles to Get School**

**Dr. Von KleinSmid Head of Incorporators in Move for Institution**

International Relations to be Studied; Program of Building Announced

With the filing of articles of incorporation at Sacramento yesterday, it became known here last night that a new university to be known as the Los Angeles University of International Relations will be founded in Los Angeles soon under the leadership of Dr. H. B. Von KleinSmid, president of the University of Southern California.

The purpose of the new institution of learning will be to instruct students in international law and to promote closer relations between the United States and South American and Asiatic countries. To the end, it was stated, special efforts will be made to attract students from these countries and it is understood that dignitaries of South American countries will eventually be members of the board of directors of the new university.

**NOW BEING ORGANIZED**

Dr. Von KleinSmid is now in the East in connection with the organization of the new institution. It was stated last night by Harold J. Stoner, executive secretary of the University of Southern California and named a trustee of the new university.

"Plans for the new institution have been under way for more than a year and a half," said Mr. Stoner last night. "Just at present we are not ready to announce that financial arrangements have been made. It is planned to have new buildings and new grounds for the institution. The new university will be divided into a number of colleges and departments. While the new schools of learning will be affiliated with the University of Southern California, it will have its own board of directors and will not be controlled by any religious sect or like influence. It will be a secular institution in the name of the institution because the city is so well known and because it could not suggest any particular race or creed."

**TO SOUTH AMERICA**

Dr. Von KleinSmid is planning a trip to South American countries later to interest the republicans of these countries in sending their forthcoming diplomatic to the Los Angeles university.

**Leader of Flight Hops Off for Dutch Harbor With Hope of Rejoining Waiting Comrades**

(BY A. P. NIGHT WIRE)  
FALSE PASS (Unimak Island) April 30.—(By wireless to the Associated Press, via Bremerton, Wash.) Fears were being expressed here for the safety of Maj. Frederick L. Martin, commanding a United States Army squadron encircling the globe, who left Chignik, Alaska, at 11:10 a.m. for Dutch Harbor, Unalaska Island, and who was not reported passing any points up to 6 o'clock tonight.

CORDOVA (Alaska) April 30.—Maj. Frederick L. Martin, commanding a United States Army aerial squadron encircling the globe, left Chignik, Alaska, for Dutch Harbor, Unalaska Island, at 11:10 o'clock this morning, according to a wireless dispatch received here.

Maj. Martin left the last point on the North American continent after receiving favorable weather reports from the United States Coast Guard cutter Algonquin stationed at Unalaska Strait, half way between Chignik and Dutch Harbor.

Maj. Martin landed at Chignik last Friday in a blinding snowstorm, after fighting his way through a blizzard for 125 miles from Kapatak, where he was forced to land April 15 en route to Chignik from Seward and where he installed a new motor in the airplane. Seattle after it was rushed aboard the Algonquin from Dutch Harbor.

It was estimated that under proper climatic conditions, Maj. Martin will make the 400-mile journey to Dutch Harbor, where he will rejoin his three companions, who have been waiting there for him since April 15, in a trifle over six hours steady flying.

On the arrival of the American commander at Dutch Harbor, a final inspection will be made of all the planes and the world flight part of this week, or early next week. The next stop on the itin-

SAYS COOLIDGE IS SURE WINNER

Fred W. Upham, Republican Treasurer, in Forecast

Declares No Doubt Remains of Victory in November

Asserts He Will Beat Johnson at California Primary

BY J. P. GALLAGHER  
"Times" Staff Correspondent  
CHICAGO, April 30.—There isn't the slightest doubt in the mind of Fred W. Upham, Republican treasurer, that President Calvin Coolidge will be re-elected in November.

Upham, who is treasurer of the Republican National Committee, is back in Chicago after a health vacation of seven weeks in Southern California.

"People have been asking me if the Republican party will be successful this fall," commented Mr. Upham. "Well, I don't know, but I believe the Republican party will be successful. It will be Calvin Coolidge. He has never been defeated. Ran for office thirteen times and been elected thirteen times. This fall will be his fourth campaign. The country wants Calvin Coolidge and there isn't the slightest doubt in the world that he will be given the country's majority electoral vote."

Upham's forecast is based on the fact that the Republican party has won the primary in California, and that the country is generally in favor of Coolidge.

Upham also predicted that Coolidge will win the election in a landslide, and that the country will be in a state of jubilation when he is inaugurated.

Upham's forecast is based on the fact that the Republican party has won the primary in California, and that the country is generally in favor of Coolidge.

MAY BROADCAST G.O.P. SESSIONS

COOLIDGE INCREASES LEAD IN OHIO RETURNS

Declares He Had Taken One Drink on Party

Defense Seeks to Refute Injury Charge

BY A. P. NIGHT WIRE  
COLUMBUS (O.), April 30.—With returns complete from all but 188 precincts in the State late today, President Coolidge and James M. Cox, former Ohio Governor, continued to increase their leads in the State's Presidential preference primary yesterday.

Tabulation by Secretary of State Brown on the returns from 7222 of the State's 12188 precincts showed Coolidge leading with almost a 7-to-1 ratio, and Cox winning over W. G. McAdoo almost three to one.

The figures were: Coolidge, 156,382; Johnson, 25,132; Cox, 56,751; McAdoo, 17,717.

The question of whether or not Mr. Cox would win all the State's Democratic delegates vanished as the returns came in; he will go to the New York convention with the full delegation of fifty-two; the Coolidge delegates will number fifty-one.

Harry M. Daugherty, although elected delegate-at-large by some 100,000 votes, was not elected to the Ohio delegation. He was elected to the Ohio delegation by some 100,000 votes, but was not elected to the Ohio delegation.

Upham's forecast is based on the fact that the Republican party has won the primary in California, and that the country is generally in favor of Coolidge.

Upham also predicted that Coolidge will win the election in a landslide, and that the country will be in a state of jubilation when he is inaugurated.

PLANT BLAMES GIRL IN WRECK

Man Sued for \$300,000 Says She Seized Wheel

Declares He Had Taken One Drink on Party

Defense Seeks to Refute Injury Charge

BY A. P. NIGHT WIRE  
NEW YORK, April 30.—Helen Jeanner, formerly of Seattle and former Greenwich Village flapper girl, was blamed by Philip Morgan Plant today for the automobile accident in which she was injured and which caused her to sue Plant for \$300,000.

Plant testified in his own defense that the car, driven by Plant, crashed into a tree by a country road, after he had been drinking.

Plant declared Miss Jeanner had been singing with others in the car, suddenly turned in the road, and that she had been making it impossible for him to steer. He said he had taken one drink of whisky while the others had emptied the bottle.

Miss Jeanner previously testified that she had been urged to take a drink of whisky by Plant, and that she had taken it.

Upham's forecast is based on the fact that the Republican party has won the primary in California, and that the country is generally in favor of Coolidge.

Upham also predicted that Coolidge will win the election in a landslide, and that the country will be in a state of jubilation when he is inaugurated.

DEFENDS MOVE TO SPARE FISH

Hoover Resents Attacks on Alaskan Policy

Declares He Had Taken One Drink on Party

Defense Seeks to Refute Injury Charge

BY A. P. NIGHT WIRE  
WASHINGTON, April 30.—Those who have assailed Secretary Hoover's Alaskan fisheries policies were charged by him today with having directed a campaign of personal abuse against him with the real purpose of defeating legislation which would save the fisheries of the northern territory from "continued exploitation."

In a formal statement the Secretary named Senator King, Democrat, Utah, Delegate Sutherland of Alaska, and the Hearst newspapers as factors in the publicity campaign against him. He challenged them to say openly whether they favor or oppose the fisheries "conservation bill" now pending in Congress.

Delegate Sutherland repeatedly has attacked Mr. Hoover for his administration of the Alaskan fisheries and Senator King sought last week to introduce a resolution for an investigation but later withdrew it.

Upham's forecast is based on the fact that the Republican party has won the primary in California, and that the country is generally in favor of Coolidge.

SIX MUST DIE ON GALLOWES

Louisiana Pardons Board Opposed to Clemency; Bribe Offer and Death Threat Reported

Declares He Had Taken One Drink on Party

Defense Seeks to Refute Injury Charge

BY A. P. NIGHT WIRE  
NEW ORLEANS (La.), April 30.—The six men sentenced to be hanged at Amite May 9 for the murder of Dallas Calmes at Independence three years ago, made their last stand for life today and lost. The Board of Pardons after a hearing of several hours, declined to send a recommendation for clemency to the Governor.

Gov. Parker previously had said the evidence at the trial of the men proved them guilty and that beyond the shadow of a doubt. He added that he would not interfere with execution of the sentence and he was reported from Baton Rouge tonight as holding steadily to his position.

Three of the condemned men are Italian citizens, two are Italian naturalized immigrants and the sixth is of Italian parentage, born in Chicago. One served in the navy in the world war.

Other developments today included a report that the Louisiana Board of Pardons had received a letter from the Governor of Louisiana, asking for clemency for the men.

Upham's forecast is based on the fact that the Republican party has won the primary in California, and that the country is generally in favor of Coolidge.

Upham also predicted that Coolidge will win the election in a landslide, and that the country will be in a state of jubilation when he is inaugurated.

STATUES FOR WHITE HOUSE

Hungarian-Americans Present Two Masterpieces of Bezeddy; Depict Washington and Kosuth

Declares He Had Taken One Drink on Party

Defense Seeks to Refute Injury Charge

BY A. P. NIGHT WIRE  
WASHINGTON, April 30.—Two of the masterpieces of Julius Bezeddy, Hungarian sculptor, were presented to President Coolidge today by the Hungarian-American Society and other American Hungarians, as an expression of the kindly feeling of the Hungarian people for the United States.

The two pieces of sculpture, one a reproduction of the statue of Washington, which stands in the city of Budapest, and the other a statue of Louis Kosuth, the Hungarian leader, will be placed permanently in the White House.

The presentation was made through a group of Hungarian leaders, including Eugene Pivny, representative of the Hungarian-American Society, and others.

Upham also predicted that Coolidge will win the election in a landslide, and that the country will be in a state of jubilation when he is inaugurated.

BRITAIN GIVES UP VAST SUM

Labor Party Sacrifices Offer of \$44,000,000 for War Material; Budget Benefits Consumers

Declares He Had Taken One Drink on Party

Defense Seeks to Refute Injury Charge

BY JOHN STEELE  
BY CABLE-EXCLUSIVE DISPATCH  
LONDON, April 30.—The British Labor party has just sacrificed about \$44,000,000 which might have been used to make its budget, introduced in the House of Commons yesterday, even more attractive.

There is still in the hands of the disposal board large quantities of war material and it recently received an offer from Baltic interests, probably in close touch with Russia, of \$44,000,000 for the equipment.

Some of the members of the Cabinet wanted to accept the offer, but Philip Snowden, Chancellor of the Exchequer, insisted that it be turned down and the material destroyed.

The British housewife today began reaping her benefits from the budget when tea sold for eight cents a pound cheaper and sugar for seven cents cheaper, the whole reduction thus being passed on to the consumer. It has also been announced that the Government will reduce its price of sugar on account of sugar being cheaper while the cost of candy also will be cut.

The budget has been hailed with universal approval by all except the traders affected by the abolition of the McKenna duties. W. R. Morris, the English Henry Ford, who has been making a cheap light car successfully, says that all his plans have been foisted in the head and he fears that he will be driven out of the market by French and American cars.

This, however, is weighing but little with the general public which is delighted with the abolition of the McKenna duties. The budget, from a political point of view, is the most successful in many years. Except \$60,000,000 in the head and he fears that he will be driven out of the market by French and American cars.

Upham's forecast is based on the fact that the Republican party has won the primary in California, and that the country is generally in favor of Coolidge.

Upham also predicted that Coolidge will win the election in a landslide, and that the country will be in a state of jubilation when he is inaugurated.

## A World Cruise

on the largest ship to circle the Globe

### Red Star Liner BELGENLAND

(27,200 tons)

International Mercantile Marine Company  
in cooperation with  
American Express Company

ON DECEMBER FOURTH the largest and most luxurious liner that ever circled the globe starts on a 133-day journey to the remote and fascinating corners of the world.

By sailing westward in December you arrive in tropical and sub-tropical lands, for a stay of sixteen delightful weeks, at the season best suited for travel there. This also makes possible a stop-over in Europe for the Spring and early Summer.

#### The Belgenland is Your Home

Think of the joy of living on this new and completely charming liner. The comfort of her exquisite cabins and living room suites. The luxury of her superb public rooms, glass-enclosed promenade and cheerful verandah cafes, swimming pool and gymnasium. The pleasant variety of her à la carte cuisine. Her faultless Red Star service.

A program replete with pleasure, crowded with vital interest—but skillfully planned to afford ease and relaxation of body as well as stimulation of mind.

#### Journeys Ashore Under the Mastery

Guidance of the American Express  
The skilled director of a film emphasizes the hidden beauties of his location. Just so does the experienced guidance of the American Express bring to light the little-known charm of the places visited. Every trip ashore is brimful of beauty, of flashing contrasts, of unforgettable impressions.

#### Follow Summer Across the Seven Seas

While snow flurries whiten New York streets, you'll find summer in Havana. Honolulu will greet you with the warmth of June. In Singapore and Calcutta you'll wear your gayest summer clothes. New York will face its March gales while you bask in the sunshine of Cairo. And then you'll meet the colorful spring of April and May when you reach Italy and the Riviera! If you wish, arrange to leave the ship then for a longer stay in Europe, returning by one of our other great liners.

## BONUS IS NEAR JOURNEY'S END

Way Cleared in Conference for Final Verdict  
Main Provisions the Same in Each Measure

All Veterans' Dependents Are Made Eligible

(BY A. P. NIGHT WIRE)  
WASHINGTON, April 30.—The way was cleared today for final action by Congress on the soldier bonus bill preparatory to sending the measure to President Coolidge as a result of the agreement by both House and Senate conferees on differences in the bill as passed by the two bodies.  
Ratification of the conference agreement which deals only with minor amendments probably will be asked of the Senate tomorrow, after which the House must approve the changes.  
The main provisions were the same in the bill as passed by each house—cash payments to veterans not entitled to more than \$50 in adjusted service compensation and twenty-year endowment insurance policies to others.  
As it will be presented for adoption by the two Houses, the measure provides that cash payments will not be made until after next March 1, while the insurance policies will be dated as of January 1, 1925.  
Women yeomen of the Navy and Marine Corps and members of the Porto Rican regiment of infantry are included among those entitled to benefits of the bill. They were not included in the House bill. All dependents of veterans were made eligible for the bonus.  
The conference agreed to the Senate amendment placing control of the administration of the bill entirely under the director of the Veterans' Bureau instead of the director, the Secretary of War and the Secretary of the Navy, jointly.

## UNIVERSITY THEATER DIRECTOR RESIGNS

(BY A. P. NIGHT WIRE)  
BERKELEY, April 30.—Samuel J. Hume, professor of dramatic literature and art and director of the Greek theater at the University of California, has resigned, it was announced today by the president's office. He gave no reason for his action. The resignation will be acted on by the regents on May 14. Hume is former director of the Little Players Theater in Detroit.

## FUGITIVE IN JAIL BREAK KILLS SELF

Colorado Farmer Near Death in Gunfight With Fleeing Pair

(BY A. P. NIGHT WIRE)  
DENVER (Colo.) April 30.—Joseph Russo is dead and Samuel Dittmore, 60-year-old farmer of Castle Rock, Colo., who aided of late, is near death in a hospital at Littleton, Colo., tonight as a result of a gun fight which occurred shortly before noon today when officers sought to arrest Russo and Carmal Erigo, both escaped fugitives from the Denver County Jail. Russo, a day marshal at Littleton, is confined to the hospital suffering from wounds he received at the hands of the fugitives during the fight. Erigo was captured and now is in the County Jail.  
The pair, who escaped last Thursday night in the jail delivery led by William Dahlquist, alias Dell Hanson of St. Paul, were surprised today in a shanty constructed of railroad ties, near Struby, Colo., where they had been living since last Friday. Marshal Stevens, informed by railroad men of the presence of the two fugitives, went to arrest them. They were called to the men to come out. They responded by firing a volley at the officer and the first down the railroad tracks. Dittmore, who was passing in an automobile, was summoned by Marshal Stevens who soon overtook and passed the men. Once ahead of them they opened fire on them. They returned the fire. Stevens and Dittmore were wounded in the exchange of shots. Exhausting his ammunition, Stevens left the automobile and rushed to a nearby construction camp where he secured a rifle, returning despite his injuries, to give fight to the suspects.  
As he appeared with the rifle, Russo placed his own gun to his right temple and fired. He died a few minutes later at a Littleton hospital.

## WIRES ARE CUT OFF TO INNER CUBA

Government, However, Says Santa Clara Uprising Has Been Crushed

(BY CARLOS-EXCLUSIVE DISPATCH)  
HAVANA, April 30.—Although the government gave out a statement asserting that the revolt of troops who deserted their posts at the city of Santa Clara, Santa Clara Province, yesterday, has been crushed, practically all communications with the interior have been stopped. The only message to get through during the night was a dispatch stating that Mayor Aencio Villalon of Santiago was assassinated Tuesday while riding in an automobile in that city. The telephone company asserts that its wires have been cut.  
In its statement the government says that order has been restored throughout the country and denies that it has sent troops to the interior from Camp Columbia here. It explains that only a small detachment from the city of Matanzas was sent.  
A rumor current here for about a week that Gen. Garcia Velez, chief of the Veterans' and Patriots' Association, has landed in Oriente Province remains unconfirmed. The organization is believed to be responsible for the outbreak.

## Takes Poison While Posing in Art School

(EXCLUSIVE DISPATCH)  
CHICAGO, April 30.—Miss Constance McDermott, 18-year-old artist model and close friend of Wanda Stopa, who last week killed an aged caretaker at the country home of one of her "platonist" friends and then killed herself, today took poison while posing at the Art Institute. She was rushed to a hospital and physicians to-night reported that she probably would live.

Police believe that a blasted love affair of the south side artistic colony was responsible for the suicide attempt and efforts were being made to locate a Mr. Irwin who called the girl at the hospital but who left before police arrived.

## SHELL UNION PROFIT FOR YEAR INCREASES

PRODUCTION ALSO GAINS IN 1923, VICE-PRESIDENT OF COMPANY SAYS

(BY A. P. NIGHT WIRE)  
NEW YORK, April 30.—Net earnings of the Shell Union Oil Corporation and subsidiary companies for 1923 amounted to \$15,459,156, an increase of \$7,342,856 over 1922, vice president reported today. After allowing for preferred dividends \$15,009,156 was applicable to the 8,000,000 shares of stock outstanding in the first three quarters of the year, or \$1.88 a share. Since the end of November 10,000,000 shares of common stock have been outstanding on which earnings were equal to \$1.58 a share.  
Gross income, including a half interest in the income of Comar Oil Company was \$88,090,823, a gain of \$17,172,250. Depreciation, depletion, drilling expenses and abandonment aggregated \$20,625,750. There was a balance of \$12,005,507 after dividend payments. Cash on hand totaled \$1,524,652.  
J. C. Van Eck, vice-president, stated that crude oil production by the Shell Company of California, Roxana Petroleum Corporation and Wolverine Petroleum Corporation was 32,599,576 barrels net including the corporation's share of Comar Oil Company's production. Compared with 1923, production increased fully 100 per cent, he asserted.  
Sales for the year were \$74,374,625.

**GAIN APPARENT IN DISEASE WAR**  
*Control Seems Nearer; No New Infections*

**Foot-and-Mouth Hysteria Reports Magnified**  
*Co-operation is Assured by Supervisors*

With no new infections of foot-and-mouth disease reported yesterday officials in charge of eradication work appear to be gaining control of the situation. An encouraging feature is the fact that new infections have recently been confined to closely quarantined areas, while many of these infected areas have not reported new cases for days and even weeks. With the exception of Mexico and Los Angeles counties, where recent infections have been discovered, the date of last infection is as follows: Alameda, March 23; Bolano, March 15; San Francisco, March 24; San Joaquin, April 14; Stanislaus, April 13; Contra Costa, April 26; Mariposa, April 13; Madera, April 23; Kern, April 17; San Bernardino, April 22. A summary shows that more than half of the slaughtered animals to date were in Mexico and Mariposa counties.

Reports of foot-and-mouth hysteria among San Diego officials and those inconveniences suffered by railway and steamship passengers entering the southern city have been greatly magnified, according to R. F. Cullen, general passenger agent of the Los Angeles Steamship Company.

Cullen says that passengers arriving in San Diego from San Francisco and Los Angeles aboard the coastwise liners Yale and Harvard are required merely to sterilize their shoes before disembarking.

**TEN ARE FINED**

The control of the infected cattle situation by the Federal government and Gov. Richards' recent statement regarding proposed quarantine rulings have convinced San Diego officials that the drastic measures contemplated last week for disinfecting all people arriving in that city are now considered unnecessary.

Ten defendants were fined \$25 to \$200 each yesterday by Justice Baird charged with various violations of foot-and-mouth quarantine regulations. Capt. Cannon of the county motorcycle squad told the justice that the number of violations was decreasing rapidly and that the regulations were being now generally observed.

**COUNTY STATEMENT**

In reply to frequent inquiries that have been made as to the responsibility of the county of Los Angeles in the present campaign against the foot-and-mouth disease, the Board of Supervisors today made the following statement: "When the foot-and-mouth disease was first discovered in Los Angeles, conferences were held here attended by Drs. Keef and Hecke of the State Department of Agriculture. Among other matters discussed was that of the best way to organize to wage the campaign against the disease. It was agreed that there should be one head to the forces and that that head should be the State Department of Agriculture.

"Consistent with this agreement and in accordance with the agreement, desired by the State representatives, the Board of Supervisors of Los Angeles county has done everything requested by the State department and nothing not desired by it. The present of animals and persons have contained no provisions not requested by the State officials, and they have been, indeed, but enactments of the rules promulgated by Dr. Hecke.

**TO CONTINUE FIGHT**

"The country live-stock inspector, forester and other officials were instructed to report to the State authorities and to follow their orders. This they have done and in no instance has the County Board of Supervisors given an instruction relative to the quarantine or any other phase of the campaign other than that originally given: 'Report to the State officials and carry out their program.'

"The county of Los Angeles has furnished men and material, and will continue to do so until the fight is won. But the State Department of Agriculture has been in command, and it is the rules and regulations of the State that have been in force. Any intimation that this Board of Supervisors has acted hysterically is, therefore, unwarranted.

"If the campaign to be waged from now on is to be under the direction of the Federal authorities, so far as desired by them the policy of noninterference plus active co-operation heretofore adhered to will be continued."

An asserted chort scandal in the Florence Avenue Methodist Episcopal Church was erased yesterday by Judge Walton J. Wood when he granted Mrs. Josephine Woolver a divorce from Lloyd Woolver, choir singer, but found there was no basis for her charges that her husband had flirted with a singer. It was testified Woolver was never alone with the singer in question.

Mrs. Woolver declared her husband was selfish and inconsiderate, and neglected her when she was ill, and these charges were sustained by the court.

Woolver, who was married when he was 17 years of age, admitted he went out nights but said he went to Boy Scouts' meetings. Though a married man he retained his membership in that organization, he said. Woolver is now 23 years of age.

A gallery of members of the Florence Avenue church listened to the case but not the decision, which Judge Wood did not give until they had gone.

**RELIGION TAXES NEW WRINKLE**  
*Sun Yat Sen Imposes It on Priests, Who Are Talking Strike*

(BY CABLE—REUTERS DISPATCH)  
SHANGHAI, April 30.—The military government of Sun Yat Sen, Southern Chinese leader at Canton, announces, according to local dispatches, a tax of 50 per cent on all sums paid to Buddhist priests for prayers for either the living or dead. It also imposes an annual license fee of \$30 for every priest who conducts religious services. According to the report, the priests are threatening to strike unless the tax on religion is removed.

**HARTSOOK HOLSTEINS TO PERISH**  
*Noted Herd Victim of Foot-and-Mouth Plague; Record Olders to Die*

The outbreak, several days ago, of the foot-and-mouth disease in the famous herd of pure-bred Holstein cattle owned by Fred Hartsook of Lancaster, is a severe blow to the popular "black and white" breed. The herd has been condemned. American judges and foreign breeders who have seen the greatest herds in the world are unanimous in their opinion that Hartsook had assembled the greatest single herd of Holsteins ever gathered.

Included in this breeding herd, of approximately 300 animals, are such world-famous animals as Tillie Alcatraz, former world's record milk producer, with a total production of 154,775 pounds of milk and 6141 pounds of butter in six consecutive years, her world's record for one year's production of 31,425 pounds of milk and 1215 pounds of butter being made when she was 9 years old.

Other famous animals in the herd are Sir Pieterse Ormsby Mercedese XXXVII, Sir Aggie DeKol Meade, the world's record heifer, Miss Aggie Ormsby, Sir Aggie Ormsby Korndyke Beauty, the State record cow, Norma Korndyke Korndyke, Corndyke, Trinita Ormsby and Eva Colantha. Hubbavale, as well as a large list of cows with yearly records of 1000 and 1100 pounds of butter to their credit.

Bessie Snowball DeKol, a grand champion show winner, with a production of more than 1000 pounds of butter in seven days and of more than 1250 pounds of butter in a year to her credit was the first animal in the herd to catch the disease.

Hartsook has been years assembling his animals, having selected many of them from the best herds of the country and paying top prices. His leading herd sire, Sir Aggie DeKol, was valued at \$27,500, is only one example of the tremendous value placed on many of the animals of this herd which is to be destroyed.

While the loss will be enormous the fact should not be overlooked that Hartsook has made a practice of segregating the offspring from the main herd, placing them on a ranch far removed from the quarantined area and at the present time has a splendid herd of young stock with which he can build up another herd.

Marbles of stone are made in mills in factory for shipment to the United States, India and China, a mill producing an average of 500 of the boys' delights a day.

**EL ENCANTO APARTMENTS**  
*The Ultimate Development of the "Individual Apartment Ownership Plan"*

**Make Your Selections Now—You Who Want to Live in the Smartest Apartment Colony Outside of New York City. Learn About These Wonderful Homes.**

**THE** advent of El Encanto—to grace the largest plot of ground of any "individually owned" apartment dwelling in all California (nearly 31-3 acres) found scores of discriminating people actually waiting for such a magnificently conceived superstructure. Many reservations are being made every day. It is prudent, therefore, to choose *your* El Encanto apartment home *immediately*.

In justice to yourself and family, hear the marvelous story of El Encanto, "the enchantment," before you seriously consider the acquirement of any similarly sold residence unit. Here you are offered (at very little if any more than would be required in less desirable buildings) such a host of superlatively exclusive and decidedly new home, entertainment and recreational features that any fair-minded comparison is absolutely certain to make you an El Encanto tenant-investor.

**Exquisite Studio and Standard Apartments**

So, entirely aside from the fact that El Encanto offers such attractions as a Roof-Garden Restaurant and Ballroom, a swaggar Peacock Alley, a Japanese Garden, an Oriental Dining Room, its own Shopping Arcade with EVERY kind of smart shop and market, its own Moving Picture Theatre, Gasoline-Filling Station, Athletic Club, Outdoor Swimming Pool and Ice-Skating Rink, bear in mind that highly attractive INVESTMENT opportunities also are offered.

It is conservatively estimated that the revenue from El Encanto's 38 smart shops, in the Arcade, and from the several other income-producing concessions will not only defray all overhead and operating costs but will result in handsome dividends for the stockholders. And absolutely no promotion stock is to be offered to ANYONE! Consider these decided attractions. Compare El Encanto, both from a home and INVESTMENT standpoint, with every other similarly sold building. Get the WHOLE story. Send the coupon NOW!

#### Boehler's Wildness Helps Locals Capture; McDowell Wallops Homer With Bags Full

BY ROBERT E. RAY  
Jimmy Christian's delivery was as hard for the Oaks to solve as the local traffic problem yesterday at Washington Park, so the Bengals walked off with an easy 12-to-0 victory and evened up the series. The 'orrible Oaks got only five hits off Christian and did not advance a man to third base.

George Boehler, whom Doc Howard purchased under the opinion that he was a pitcher, started for the Oaks and pitched five innings, during which the locals rang up eight tallies. George Murchio finished, but none too strong. Boehler was as wild as a domesticated southpaw (this does not mean Walter Mulla), and always topped off a series of walks by allowing the next batter to hit a home run or a double.

**GET FOURTEEN HITS**  
The Bengals got a total of fourteen hits off Boehler and Murchio, and Jimmy McDowell, Jim Blakesley and Jack Warner, who filled in at short in place of Slade, were the heavy hitters for the home guards. McDowell hit a home run, double and single. Blakesley rapped out a homer and single, while Warner came through with a triple and a double.

Yarnon took advantage of Boehler's wildness and scored five runs in the first, with only three hits. After Chadbourne had flied to Cooper, Boehler waited Murchio, Blakesley and Kimmick, filling the bases. About this time Mr. Boehler decided it was time to put out over, thinking he could catch McDowell off guard, but Jimmy didn't do anything but crack the ball over the left-field fence, giving the Bengals four runs. Wes Griffin singled and came home on Warner's triple for the fifth run of the inning. Jim Blakesley's home run to deep center, Cooper fielding the ball like it was a man-eating tiger, or a piece of red-hot steel, gave the locals their sixth run in the second inning.

**SCORE SOME MORE**  
Walks to Kimmick and D. Murphy, followed by Warner's double against the left-center field fence, gave the Tigers another pair in the fifth. That was all for Boehler, Murchio arriving on the scene at the start of the sixth, just in time to be socked for two more runs then and two more in the eighth.

Murchio had a terrible time getting started, the first five men facing him hitting safely. Chad-

#### CRANDALL CRUELLY CRUCIFIED

Old Doc Calls on Glandman When Seals Nick Him and Crush Angels

(REUTERS DISPATCH)  
SAN FRANCISCO, April 30.—The Seals kept up their hard hitting and had no trouble beating the Angels 11 to 2 today. The game was a good deal like the one the Seals had nicked old Doc Crandall for fourteen hits and had scored nine runs, and that is enough to win in ordinary circumstances.

The Seals began picking on old Doc in the first inning and never letting up as long as he stayed on the job. Old Doc is about as excitable as an egg and he takes things as they come, but he was so fussed today that he made a lick about the way Pete Kilduff was stooping to make Doc's curve ball look bad.

Doc was given good support for four double plays wiped out a flock of Seals at different times. Archie Yelle hit into double play three times, and that must be some kind of a record.

Manager Ellison kept up his fierce hitting. He got four out of five in that awful game of last Tuesday. Today he picked up a single, a triple and a double in his first three trips to the plate. He reached first base on Krug's error in the sixth and he batted in a run in the eighth with a long sacrifice fly.

Paul Warner's charity horses are still helping when scowled too much, so after Paul had rapped out a double and scored a run in the fourth inning he was sent to the stable, and Tim Hendry took his place. There was no nourishment in that for Doc Crandall, however, for Tim Crandall cracked out a couple of hits and backed into the fence to take

#### AERIAL BASEBALL

Shortstop Hillis of the Atlanta team is shown at the left having bounced up with a lively ball, and thrown it to Bert Neihoff at second while still breaking the law of gravity. Neihoff whisked the pellet to first base completing a double play in less time than it takes to tell it. Notice the numeral on Hillis's back. The Atlanta team is a pioneer among baseball clubs in numbering players, following the excellent custom established in college athletics. Neihoff formerly played third base for the Angels.

#### WELLS IS TRIMMED BY DUFFY

Oakland Flash Punches British Welter Full of Holes in Fast Fight

(REUTERS DISPATCH)  
SAN FRANCISCO, April 30.—Billy Wells, English welterweight champion, met his master tonight at the Oakland Auditorium in Oakland. Jimmy Duffy, fighting one of the best fights of his career in the four-round ranks, gave the game English welter a lacing from round to round for the entire distance.

Billy came out of his corner in the first, leading with a right hand to the head, which Duffy blocked and crossed with a right to nearly floor Billy. A left hook to the body put Wells on the ropes and the crowd came to its feet. He covered until his head cleared and stood at long range, with Duffy giving him a boxing lesson.

The second was a repetition of the first, with Billy doing a lot of bobbing and playing to the body with both hands. Most of them were short and the local boy kept piling up points with his clever boxing. Wells made a flash in the third round when, after missing two rights to the head, he came right back with another which caught Jimmy flush on the button and he came in close to hold on until his head cleared.

After that it was the same old story and Duffy had the better of it when the final bell rang. The game Englishman tried hard in the last round, but was of no account, as Duffy punched him full of holes, chasing him across the ring and scoring with both hands to the body and head.

**BOXING RESULTS**  
Eddie Tremblay, Bangor (Me.) light-heavyweight, scored Walter Caldwell of New Mexico for the count in the third round of a bout here tonight at Venice. In a semifinal event, Jack Spencer, featherweight, won the decision over Bobby Moran.

#### WILSHIRE MEN LOSE, 5 TO 0

Triple Tie to be Broken in Play-off Next Week

Brentwood Defeats California in Class B Match

Los Angeles Women Leading in Team Standing

BY CHARLES WEST

The talented ten-man golf team of the Annandale Golf Club accomplished the well known unexpected, yesterday by scoring a grand slam over the Wilshire Country Club golfers, 5 to 0, in a postponed match at Annandale, with the result that Annandale is now tied with the Los Angeles and Flintridge clubs for the Class A championship. All three of these teams have won twenty-four matches and lost sixteen during the schedule of contests arranged by the Southern California Golf Association, and play-off matches will be necessary to determine the proper holder of the title.

George Cline, presiding genius of the team match committee, announced last night that the play-off will be held next Wednesday at the Midwick Country Club, when the three teams now deadlocked for the lead will compete in best ball match play against par, and the team scoring the most points will be declared the S.C.G.A. title holder. The Flintridge-Los Angeles match scheduled for today will not be canceled, however, as lavish preparations have been made for the event, including numerous wagers and a star dinner. The match will have no bearing on the championship, but it will settle a lot of arguments.

Dr. Paul Hunter, recent winner of the Southern California championship, was paired with his cousin, Bob Hunter, and the combination bowled over Wilshire's best twosome, composed of Norman Macbeth and Elmer Ralphs in a semifinal event. Jack Spencer, featherweight, won the decision over Bobby Moran.

#### KANE BACK FROM TRIP TO FRANCE

Gibbons' Manager Returns After Signing Up Georges Carpentier for Bout

(REUTERS DISPATCH)  
CHICAGO, April 30.—Eddie Kane, manager for Tommy Gibbons, arrived in Chicago today fresh from his hurried jaunt to Paris, where he and Jack Curley clinched the Gibbons-Carpentier match by signing the Frenchman. Shortly after his arrival he received word from the other side that the Carpentier-Townley bout at Vienna, originally set for last Sunday, would be staged tomorrow. Kane was also informed that Georges would sail for the United States on Saturday and would come directly to Chicago. He will work out here for several days, then establish camp in Michigan City, where the Gibbons match occurs on May 31.

Kane is enthusiastic over the prospect of this match and declares that he already has orders from friends for almost 1000 ring-side seats.

As to the prospect of Georges being stopped by an injunction based on Billy Gibbons' claim that the Frenchman must box Gene Tunney in New York, Kane had this to say: "There is not a chance for the injunction. There is nothing in the agreement or understanding between Gibbons and Desamps which has to do with his prior rights to Georges' services."

Kane will close the final details for Gibbons' camp within the next few days, and next week Tommy will move over to the other side of the lake to begin training.

#### WESTERN RELAYS ARE CALLED OFF

(BY A. P. NIGHT WIRE)  
BERKELEY, April 30.—The Far Western relays, which were to have been run on the oval at the University of California on the 10th inst., have been called off because of lack of interest among colleges and clubs and on account of conflicting athletic activities preliminary to the Olympic Games. It was announced today by R. W. Cortelyou, graduate athletic manager for the university.

It had been planned to make the relays an annual feature, corresponding to the Drake and Penn relays. The project will be revived next year, Cortelyou said.

#### JACKSON FAIR TO HAVE AUTO RACES

(BY A. P. NIGHT WIRE)  
MEDFORD (Or.) April 30.—The directors of the Jackson County Fair announced today that they have decided to put on a motor car race meet here June 19-20 and invite some of the best-known automobile racers in the country to attend. Heretofore the automobile races have been more or less local in character, but this year the board plans to offer prizes which will attract professionals.

It was also decided to arrange for Coast League baseball games at the fair grounds when teams traveling between Portland and San Francisco can be induced to stop a day here without interfering with their schedules.

#### OBSERVATIONS

IN THE INNOCENT STANDER, W.M.H.

Everybody is wondering to what extent the sensational, high-school athletes of this vicinity will figure in the Olympic try-outs scheduled for the latter part of May. And for that matter, it is very difficult to dope out just what the prep youths will do because of the lack of competition between them during the past season. However, the records made at the Southern California track and field meet at the Coliseum last week certainly indicate that the collegians will have to shake a leg to do any good against the high-school boys.

In addition to the prep, however, there are the freshmen and these are mighty good, particularly those at U.S.C. The rotters will get their chance to find out most of these things this coming Saturday in the A.A.U. meet when some of the high-school boys and freshmen will do their stuff. The absence of the Occidental runners will leave some doubt in some events in doubt, but not too much.

To begin with, there are the sprinters. Of the high-school boys Vic Klein and Archie Woodard are the only possibilities, and they have only an outside chance in the 100, with a better chance in the 200. The freshmen will provide a lot of excitement, with Herschel Greig all capable of just about 10s. Hal Klein and Woodard are the best of the rah-rahs. The freshmen will provide a lot of excitement, with Herschel Greig all capable of just about 10s. Hal Klein and Woodard are the best of the rah-rahs.

The quarter-mile looks pretty hopless, as Junior Sanford isn't fast enough to figure in the race. The half-mile looks pretty hopless, as Junior Sanford isn't fast enough to figure in the race. The half-mile looks pretty hopless, as Junior Sanford isn't fast enough to figure in the race.

The mile finds Carter of Occidental and Elwood of U.S.C. the leading college candidates, with young Benischler, Pomona freshman, and Holman of U.S.C. fresh figuring. If the L.A.A.C. digs up Art Courser and he is in shape he will make it tough for all of them. Bill Kerr of Stanford and also Elliott of the same institution are both local talent, and if they compete will certainly be noticed. Little Carnahan of Riverside will find it hard work to place with that gang.

One high-school boy who seems certain to place is Hank Cogswell of Poly in the high jump. The prep broad jumpers aren't so good and in the weights they are outclassed. But in the pole vault they will have to be figured. In addition to Barnes and Smith of San Diego there is Harry Smith, who broke the world's prep record last year. He is likely to go 12ft. any day. Bickmore of U.S.C.

#### HOLLY IS DEFEATED IN WATER

L.A.A.C. Mermen Dispose of Movie Lads in Big Polo Championship

The Los Angeles Athletic Club Water Polo team by defeating the Hollywood Athletic Club yesterday annexed the title of Junior National Champions. The game which was played in the L.A.A.C.'s tank was one thrill following another. In the first half the new champions, composed of Ed Rawlings, sprint, R. Summerlin and R. Miller, forwards, Friel, center and R. Vint and G. Boston, guards, tasted first blood. From what looked like a sure walk away by the Hollywood crew in the first few seconds, the L.A.A.C. exist by a series of overhead passes recovered and scored the first tally.

Coming back in a few seconds by the same system of long passes from the enemy's territory, the winners scored another tally. Hollywood then scored a beautiful goal when Missell made a long break down the side of the tank drawing out the sprint's guard, while the sprint nearly flopped the ball in for a marker. Hollywood made another score as did the L.A.A.C. before the whistle blew for the first half.

In the second half the winners had a comparatively easy time of it. Try as hard as they might the visitors could not cage the ball, every try landing in the hands of the guard. The L.A.A.C. played a wonderful game, and their ability to cover up the other man when he had possession of the ball held the movie city six scoreless the second half.

#### CHARLIE ERB PICKED FOR NEVADA MENTOR

(BY A. P. NIGHT WIRE)  
RENO (Nev.) April 30.—Charles Erb, former quarterback of the University of California, and for the last year coach at the Woodland High School, was unanimously chosen by the Board of Regents of the University of Nevada today to be coach, succeeding R. O. Courtwright, who goes to the Colorado School of Mines.

#### GREENLEAF IN TIE WITH BENNIE ALLEN

(BY A. P. NIGHT WIRE)  
DETROIT (Mich.) April 30.—Ralph Greenleaf of Philadelphia went into a tie with Bennie Allen of Kansas City, in the pocket billiards championship tournament chosen by the Board of Regents of the University of Nevada today to be coach, succeeding R. O. Courtwright, who goes to the Colorado School of Mines.

More Than 400 Stars to Compete at Coliseum Saturday

CHARLEY DAGGS IN A.A.U. MEET

Ex-Pomona Star to Run in Low and High Hurdles

Faces Good Men in Maxwell, Grumbles and Anderson

Call Off All Events for Fair Athletes Saturday

There will be no entry for women in the annual A.A.U. meet held at the Coliseum Saturday. The meet will be the last of the season for the men, and the only one for the women.

Charles Dagg, 1920 Olympic star, and adjudged one of the best hurdlers in the United States today, will be in the competition Saturday when the annual A.A.U. meet is held at the Coliseum.

Dagg plans to enter both the 220 low hurdles and the 110-yard high, and may also enter the 440 low hurdles. In the latter event the famous timber artist will undoubtedly run as he is anxious to get a little practice in the lap hurdle before he participates in the Olympic tryouts later in May.

Dagg has been running beautifully on the Claremont cinder-path during the last two weeks and many believe he is in as good form, if not better, than when he won the right to help represent the United States on the 1920 Olympic team. Dagg has equaled his time of 18 seconds flat in the high twice this year and has a secret desire to cut his old time by a fifth of a second or at least a sixth. That he may crash his old record seems possible since he is running in real competition every afternoon he practices. Bob Maxwell, the new champion in the 440 low hurdles, is giving Dagg a tough battle for anything he gets and is expected to run his predecessor a close race Saturday.

DAGGS VS. MAXWELL Should Charley enter all three of the hurdle races scheduled for Saturday he will have to face Bob Maxwell, his fastest competitor in only the 220 low and the high hurdles, as Maxwell does not plan to enter the 110 event. Milken, however, who has consistently during the last season brought either a second or a third in the time to the 110 hurdle, will be Pomona's representative in the longer race.

Without a doubt fans who witness the A.A.U. meet Saturday have in store for them a rare treat in the way of a contest between not only Dagg and Maxwell but also the 110 hurdle, running under the colors of the Los Angeles Athletic Club, and Bob Maxwell and Milken of Pomona College. It is in action, but such stars as Nichols of Huntington Beach, Regan of Mamaroneck, and Dye, Grumbles and Anderson of the University of Southern California will be on hand to garner a few of the afternoon's points. Any of the above men are fast company for any hurdler and some pretty events may be anticipated.

Dye, Grumbles and Anderson will offer the fastest competition for Dagg and Maxwell and their meeting will settle an old score between the rival hurdlers. Maxwell in particular is anxious to prove his right to the title of the fastest low hurdler in California. His performance at the conference meet assured fans that he was the best that had been seen in the north and only in Saturday's meet does it remain for him to prove his reputation. Grumbles is expected to run his best low hurdle race in the low hurdles and the result of the battle will be watched with interest. For the performance Saturday will give a line on just who has the biggest chance of going to the Olympic tryouts and competing to Boston.

Without a doubt fans who witness the A.A.U. meet Saturday have in store for them a rare treat in the way of a contest between not only Dagg and Maxwell but also the 110 hurdle, running under the colors of the Los Angeles Athletic Club, and Bob Maxwell and Milken of Pomona College. TEAMS TO SPANK WATER

College Lads Will Hang Clothes on Hickory Limb Saturday for Conference Title

The swimming teams of the colleges and universities of Southern California Conference have been splashing water for some time in preparation for the conference championship meet, which is to be held Saturday morning. Institutions entering teams in this carnival will be Occidental, Pomona, Caltech, University of California, Southern Branch, Whittier and Redlands. The big swimfest will be held in the local University of California tank at 10 a.m. All the men have been putting in some diligent practice and the meet should have many thrills.

Cal Tech, last season's champions, have all their old squad back this season and the chances look very bright for them to repeat again this year. Probably the only strong competition the Beavers will receive will come from the Grizzlies. The Branch men have been putting more than the usual time in practice this season and the chances of their spilling the beans is not so small.

HAVE IMPROVED Although the U.C.B. team were given a terrible drowning at the hands of the Trojans some time ago, it is said that they have improved greatly since then. The other teams in the conference cannot be counted upon to get more than a few points in the tilt. Occidental has only one veteran back and the chances that they will crowd in for honors in the sprint is very small.

In the plunge for distance, however, Jacobson should be up on the list taking second if not first place. Pomona, Redlands and Whittier are reputed to be not much better fixed than the Tiger and will probably not take enough points to influence the meet either way.

Besides the usual events of the meet the frosh of the various institutions will stage a relay race. Some very good mermen are reputed to be enrolled to be representatives which fact should insure a good race.

Vin Richards's Resignation Is Accepted

WILSHIRE MEN LOSE, 5 TO 0

(Continued from First Page)

The first nine, and was even four when the match ended. Earl W. Hartman and Robert Finkbeiner scored Annandale's second victory by defeating Elmer Henderson and Frank Dole, 4 and 2, while H. A. Ingalls and W. F. Harbert continued the good work in winning from Chapman and Whelan, 3 and 1. Chaffee and Hanson defeated Brady and Tatum 3 and 1, while A. D. S. Johnston and C. F. Erdman brought in the final victory by winning from Ward Blackburn and Crawford, 5 and 4.

BRENTWOOD ON TOP While all this was taking place in Class A, the Brentwood Country Club team won undisputed possession of second place in Class B, group 1. At the end of the regular schedule of matches Brentwood was tied with the California Country Club for second position. In the first play-off match, held at California several weeks ago, Brentwood won 5 to 3, and yesterday made victory complete by winning from California by the same score.

Kirby and McCall, who have been the ranking twosome throughout the season for Brentwood, met their first defeat yesterday at the hands of Bradford and Babson of California, who defeated them 5 up. C. M. Buck's 72 aided materially in the defeat and Tom Morgan handed Ferguson and Reed of Brentwood a 2 and 1, while Harry Borde and A. H. Honey of Brentwood won from Glade and Bender, 2 up. Borde had 74, Gordon and E. Maule defeated Martin and Bishop 3 and 1, and Martin Leach and E. E. Campbell brought in the deciding victory of the day for Brentwood when they defeated Brentwood on the nineteenth green, 1 up.

WOMEN'S GOLF Brentwood scored a double victory yesterday, the women players defeating the Los Angeles Country Club 5 1/2 to 3 1/2, while the men were doing things to California. Miss Mary Brown and Mrs. T. H. Dudley won 2 points to 1 from Miss Doreen Kavanagh and Mrs. G. M. Midgley in the feature match. Mrs. Bear and Thomas of Brentwood defeated Mrs. Moore and Mrs. Weber, 2 1/2 to 1 1/2. While Mrs. Miller and Mrs. Kestley of Brentwood lost to Mrs. Hardin and Mrs. Hammond of Los Angeles, 2 to 1.

At the same time the Midwick players were defeating California, 6 points to 2 at California. In spite of their defeat yesterday, however, the L. A. Country Club team retains the lead. With but two contests yet to be played, the chances of the Beverly players to win the title are bright, Midwick being the only other contending team.

Standings of the clubs follow: Club Points Played Points Los Angeles 11 13 113 Brentwood 10 12 112 Midwick 9 11 104 California 8 10 94 Los Angeles 7 9 84 Beverly 6 8 74

TOURNAMENT IS OFF Although it was hoped that the postponed Brentwood tournament would be rescheduled since Midwick has deferred their annual event, Brentwood's invitational tourney will not be played until summer. It was scheduled to open the 11th inst., originally, but was called off when it was seen that it would conflict with Midwick's affair. Tom McCall, chairman of the green at Brentwood, will not be in town next week, which is one reason the tournament was postponed.

PRO MEETING The regular monthly meeting of the Southern California professional golfers' association will be held Monday at Spalding's, according to word sent out by J. A. Patterson, secretary of the organization.

HAWAIIAN SWIMMERS SAIL FOR AMERICA (BY CABLE AND ASSOCIATED PRESS) HONOLULU, April 30.—Most of the Hawaiian swimmers being sent by the Hawaiian A.A.U. to the Olympic tryouts sailed for San Francisco on the Matsushima this morning. The rest will sail on the Manie next week.

The swimmers on the Matsushima, accompanied by Manager D. L. Conkling, are: Warren Kealoha, holder of the 100-meter basketball record; Pau Kealoha, Sam Kahana-moku, brother of Duke Kahana-moku, free-style sprinter; Gay Harris, Henry Luning and Charles P. Ung.

SIG HAUGDAHL SHIPS MOUNTS

Norwegian Sends Racing Cars to Eastern Point

Speed Pilot Plans to Return Here Thanksgiving

Heavy Penalty Imposed on "Fuzzy" Davidson

Sig Haugdahl, the demon Norwegian speed pilot, yesterday announced that he had shipped his racing cars East and would say farewell to Los Angeles in a day or two. Haugdahl's participation at Ascot last Sunday was his last for many months in this territory, he declared, though he wants to return in time for the big road race which George Bontel plans to stage next Thanksgiving Day.

About the time Brother Haugdahl, who has acquired quite a following in local race circles through his rapid driving, was preparing for his departure, the Ascot officials announced the receipt of a wire from the I.M.C.A., the governing body from which Ascot secures its racing sanction, setting down "Fuzzy" Davidson for alleged rough riding, obstructing traffic, contempt of court and other crimes at Ascot last Sunday.

"Three hundred dollars or thirty days," was the verdict from Chairman Corey.

SENTIMENT SET ASIDE Although big-hearted Referee Charlie Keppen and other Ascot officials listened to the alibi of Davidson and the good words spoken in favor of Davidson by Ralph De Palma, and decided to reinstate the youthful Indianapolis speed star, Chairman Corey of the I.M.C.A. contented himself with a board wired yesterday afternoon that nothing short of a stiff fine will serve the purpose.

"The drivers must be taught to respect officials and rules," said Corey in the telegram, "and without considering the merits of the charge of foul driving, Davidson was guilty of most flagrant disrespect of the starter. Do not permit him to start inside of thirty days unless he pays a fine of \$500."

Davidson announced last night that he will pay the fine by tomorrow and that his conduct in the future will be beyond reproach. The money will go into the fund which is maintained for disabled drivers.

Davidson's trouble has brought to light the fact that the youngster is a daring driver and has as fast a car as is entered at Ascot. Louis Chevrolet installed one of his 500-mile Indianapolis racing-winning Frontenac motors in a very light Pontiac chassis, the engine weighing less than 1200 pounds.

DAVIDSON STOCK SOARS There are many Ascot speed fans who believe that Davidson will prove the winner of the Triumph sweepstakes, which is the feature event on Sunday's card. A rich cash purse and the Cecil B. De Mille gold and silver trophy will reward the victor.

Referee Keppen declared last evening that he will line the drivers up next Sunday and deliver a real lecture to them. "There is going to be no more rough work or disrespect for officials in evidence at Ascot," said the notable athletic official. Entries for the ten events of Sunday's card will close at midnight.

Joe Schlocker to Clash With Frankie Farren

Joe Schlocker, who clashes with Frankie Farren tomorrow night in the feature event at Hollywood, finished a heavy training grind in preparation for the battle yesterday afternoon and today only a light workout will be in order. Glen Roemer, genial pilot of the ex-L.A.A.C. boxer, reports his charge in tip-top shape and ready to mill four fast rounds.

The match is one of the elimination affairs in the championship division of the lightweight tournament to decide the Pacific Coast title now under way at Hollywood. In that it brings together a local boy, with a big following, and Farren, probably the best 135-pounder making headquarters at Oakland, Manager St. Martin's has the stage set for another capacity crowd. Schlocker's boxing ability and hitting power will be pitted against Farren's superior experience and ring smartness.

Spud Mayera, a newcomer hailing from San Francisco in the middleweight division, makes his local debut against capable Charley Sullivan in the semi-final, milling at 135 pounds. Young Corbett and Jack Spary are the special events. Young Bello, a big favorite with the Movie City folk, is back again, and tackles Young Letty at 150 pounds; George Smith and Mickey Cochran, rough axbit ray middleweights, will have it out; Johnny Villardi meets Battling Ward at 125 pounds; and Joe Burns mills with Chick McGill in the opener.

Espinosa and Minch Tied in Golf Tourney

(EXCLUSIVE DISPATCH) SAN FRANCISCO, April 30. Albe Espinosa and Frank Minch are tied tonight after the first 36 holes of medal play for the Northern California open championship, which is being contested here today. Each had 145 strokes for the two rounds. Both are professionals.

MacDonald Smith, present holder of the California open championship, turned in a card of 78 today for a total of 153, which practically eliminates him from any chance for the title.

An additional 36 holes tomorrow will determine the championship.

SAYS HELEN WILLS MAY SURPRISE

Mrs. Wightman Thinks Star Has Chance of Beating Suzanne Lenglen

(EXCLUSIVE DISPATCH) NEW YORK, April 30.—It may be that the tennis stars of the West who have been playing with Miss Helen Wills this winter during her preparation for her tour of Europe this summer are not so sanguine about the chances of the young American against Miss Suzanne Lenglen, the world's champion. Not long ago word came from the West quoting Johnston Peck Griffin and another of the Coast stars. None of these was very enthusiastic. They all agreed that the young star has improved over last year, but they all held in their memories the vision of the great Suzanne. Not so Mrs. George W. Wightman, captain of the American women's team and one of the greatest strategists in the game.

Mrs. Wightman believes that her young protégée has a chance, and a good chance, to win over the famous French woman when they come together this summer. Mrs. Wightman, as might be considered natural with her, is laying stress on the mental side of the affair. She feels that the calm temperament of Miss Wills is going to stand her in very good stead in the contest with the French woman.

It appears now that the two women will meet at Wimbledon, in England, before the meeting at the Olympic games. And, of course, the first meeting will be the all-important one.

TODAY IN COAST LEAGUE CIRCLES

(EXCLUSIVE DISPATCH) SAN FRANCISCO, April 30.—The basketball season in the Coast League circles is in full swing today. The teams are in action at various points along the coast.

DODGE BROTHERS SALES

6576 Dodge Brothers Motor Cars (or over 1,000 cars per day) were delivered to retail purchasers during the week ending April 19th—not including cars for export or overseas.

This breaks all Dodge Brothers retail delivery records.

Figures for the first three weeks of April are:—

Week ending April 5th . 5694  
Week ending April 12th . 6106  
Week ending April 19th . 6576

Each week since October 1923, deliveries of Dodge Brothers Cars to users have shown a consistent gain over the corresponding week of any previous year.

DODGE BROTHERS DETROIT

How are Young Men WEARING THEIR HAIR ?

Everywhere—from office to seashore—you notice a change in the looks of men's hair today. It is not that men follow any one particular style—they still comb their hair pretty much as they choose. It is due rather to the fact that they are now able as never before to keep their hair the way they like it all day.

MEN have struggled for years to keep their hair right—looking as neat and well cared-for as their clothes or linen.

But water evaporated quickly—and it dried up the natural oils, leaving the hair brittle and "dead." Old-fashioned pomades made hair greasy and matted.

And so the most conspicuous part of a man's looks was generally the least attractive!

Today it's different. You can now make your hair lie right in the morning when you brush it, and keep it right throughout the day.

The new product—Stacomb—is responsible. Just a touch of it when you brush your hair in the morning keeps your hair in place all day long.

Men have found in Stacomb what they have always sought—an easy, natural way to keep the hair looking always as trim as their favorite barber leaves it.

It makes the morning hair-brushing last all day.

No matter how you wear your hair—straight back, pompadour, or parted—Stacomb will keep it that way all through the day, just as your hairbrush left it. Even just after a shampoo, when it is most unruly, Stacomb keeps it in perfect order.

Women find Stacomb just the thing to control stray hairs, to make the curl stay in, and to keep bobbed hair in place.

Stacomb is a light, velvety, invisible cream—non-staining and non-greasy. Try it today. In jars and tubes. At all drug and department stores.

Stacomb

# THE MEANING of BOYS' WEEK

April 27 - May 3 1924

ALL of us contribute in some manner toward the making of today's boy into tomorrow's man. During this week given over to serious consideration of the problems of boyhood, it is fitting that we take stock of just what our contribution may be.

We believe that a store such as Silverwoods plays a highly important part in moulding the boy's mind. Our particular task is to give the boy a pride in his appearance and the confidence that good dress invariably carries with it to make him realize that one element of success is a pleasing external to teach him that he is usually judged by the little things that show to impress upon him that economy is never cheapness.

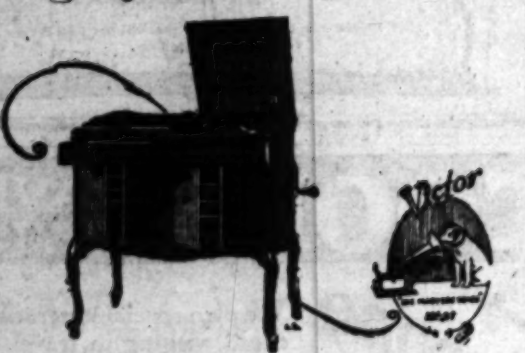

To aid us in our task we have chosen Hart Schaffner & Marx clothes for boys.

## GREAT POWER DAM PROPOSED

Officials Say Permit to be Granted Soon

Rival to Muscle Shoals May be Built in Washington

Project Located on Columbia River Near Hanford

(BY A. P. NIGHT WIRE) WASHINGTON, April 30.—(L)enses for the construction of the Columbia River between Pasco and Okanogan, Wash., of a power dam ninety feet high and two and one-half miles long, rivaling that at Muscle Shoals, probably will be granted soon. It was announced today by Federal Power Commission officials.

Information received here last November from Washington to the effect that application for development of a power project at Priest Rapids, on the Columbia River, had been filed with the Federal Power Commission by the Washington Irrigation and Development Company, which was said to be affiliated with the General Electric Company.

The project, it was stated, called for expenditure of \$60,000,000, with \$12,000,000 additional to be expended for a modern industrial city in the vicinity of the power development. The proposed plant would develop 35,000 horsepower, with 75,000 horsepower to be developed at high stages of the river.

Other industries besides the power development, it is planned to establish chemical and electro-metallurgical industries. It was stated. The dam would cost \$12,000,000, electrical equipment would cost \$40,000,000 and factories and shops \$30,000,000.

Hanford is in Northeastern Benton county about 150 miles southwest of Spokane. The Washington Irrigation and Development Company, a subsidiary of the Electric Bond and Share Company of New York, promoters of the project, were given a preliminary permit to survey the site in 1921. It was one of the first permits issued after the Power Commission was created.

Under the law three years are allowed an applicant following the authorization of a preliminary permit, to determine whether a proposed project could be carried in view of the imminence of the expiration of this period, and the favorable attitude of the various interests involved, commission officials stated license to proceed with the building of the gigantic dam probably would be issued very soon.

DANGER TO SALMON One obstacle which may delay for a time the actual beginning of work, however, is the possible danger to the salmon fishing industry on the river. A great spawning pond is located between thirty feet high and survive. In an effort to solve this problem the power commission officials have worked out a plan for "fishways" pools to protect the vast numbers of salmon in the river.

A hearing has been set for May 14 at Seattle at which officials of the Fish and Game Commission of Oregon and Washington and the Bureau of Fisheries will discuss the advisability of establishing a "fishway" in Priest Rapids to protect the salmon industry.

## WORLD COURT APPEAL HEARD

Advocates Urge Participation by the United States

Pleas Made by Spokesmen of Church, Business and Bar

Senate Subcommittee is Told Nation Demands Step

(BY A. P. NIGHT WIRE) WASHINGTON, April 30.—Leaders in church organizations, industry, the bar and education urged American participation in the World Court at opening of hearings today on the question of a subcommittee of the Senate Foreign Relations Committee. Proponents alone were heard during the day and when a statement was taken until tomorrow, the list of delegations to be heard had not been materially reduced.

The Federal Council of Churches, claiming membership of 30,000,000, gave its indorsement today to a group of 250,000, headed by Bishop Charles H. Brent of the Protestant Episcopal diocese of Western New York. The Chamber of Commerce of the United States registered its approval through Walker D. Hines, chairman of its foreign relations committee, the favorable attitude of the American Bar Association were transmitted by George W. Wickersham, while the World Peace Foundation declared its position through President A. Lowell of Harvard University.

AMERICAN IDEA The several speakers declared the court had been set up largely through American initiative of the past fifty years, and to all practical purposes free from the League of Nations and met the demands of the great majority of the civilized world.

A memorial presented in behalf of the churches bore the names of hundreds of high dignitaries of every faith. Quoting the message of President Coolidge last December as placing the question outside of partisan politics, the memorial said in the World Court was seen a "concrete expression of the Christian spirit in the world, the promise of a larger and truer righteousness, and justice among nations, a step forward in the establishment of the kingdom of God."

COMES FROM NATION Bishop Brent told the committee that the mandate for the court "comes from the nation and no longer from the leaders." Presenting what he said represented "the careful conservative expression of business," Mr. Hines outlined approval of the court proposal in a referendum by the Chamber of Commerce of the United States, and told of resolutions passed advocating such an agency.

Mr. Wickersham told the committee that the greatest business and industrial leaders in the United States, including Hoover, Elihu Root and many others had reviewed the reasons advanced for the American position to the court and each had found them inadequate.

PROMINENT PERSONS ON MANCHURIA Liner to Arrive Thursday from New York; Juvenile Screen Star Aboard Celebrities will line the rails of the Manchuria, 27,000-ton flagship of the Panama-Pacific Line, when she reaches Los Angeles Harbor from New York and Havana tomorrow afternoon.

Among those who will be aboard the ship are: David Decker, 4-year-old British screen star, who crossed from Liverpool alone aboard the White Star liner; Mrs. J. W. Zennaro, 8000-mile voyage to California to join the Hollywood colony and to accompany her husband, David Kennedy, shipping editor of the New York Herald-Tribune; Maj. G. De Harp-Smith of London, and Otto A. Kahn of New York.

The giant liner has 450 passengers aboard, most of whom will disembark at Los Angeles. Easterners coming here for the summer season on her are Mrs. W. B. Burden, Collier, Mrs. and Mr. R. F. Sparks and daughter, Miss Jean; Miss Margery M. Birdsell, William D. Peck, Frank Munro, Mrs. Adeline W. Durbin and Mrs. E. M. Hunt, all of New York. Others are Mrs. A. J. Craig, Mr. and Mrs. F. E. Hare, R. B. Hartman, Miss C. W. Haviland, Thomas G. Perrin and Mrs. Christine Sage of Philadelphia; Mr. and Mrs. Louis Block and Mrs. Marion Ford of San Francisco; David Decker, Maj. G. De Harp-Smith of London, and Otto A. Kahn of New York.

## NOTAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times" que estudian en lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora. En esta parte del futuro progreso de Los Angeles, que es la metrópoli de los Estados Unidos que más cercana se halla a territorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestros hermanos, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tus se dan cuenta de este hecho nuestros hablanos que hay al presente más de 35,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los dias esta columna, en la que encontrarán español correcto y enteramente moderno.

BETTER OFFICE EQUIPMENT

Do not blame the doorman at the Ambassador if he opens the door of a Rolls-Royce with greater deference than he feels for a flivver. Human nature is much alike. Pat O'Grady and the lady's Colonel are brothers under the skin. The business caller is also impressed with office equipment that reflects success and self-respect.

DOYLE OPINION OF LOS ANGELES

Is More Psychic Than San Francisco, Says He

Calls Latter Place Dark Spot of the Earth

Billboard Display Offends Famous Britisher

(REUTERS DISPATCH) BOSTON, April 30.—"Los Angeles is a far more psychic and sensitive city than San Francisco," says Sir Arthur Conan Doyle in "Our Second American Adventure," published here today by Little, Brown & Co. He rejoices in the fact that in Los Angeles there are no displays of vulgar materialism such as he declares, one witnesses in San Francisco, "that dark spot of the earth." The famous author and spiritualist says he cannot forecast the fate of this town, for there seems no limit to its possible expansion. "Los Angeles will become ever greater until perhaps town and port become one," he says.

RESENTS BILLBOARDS As to local affairs, he says: "The administration seems to be clean, though one paper, which suggested that I should visit the jail, declared that I had best put a clothes-pin on my nose. From this I fear that the blot which disgraced so many Ameri-

can cities is not absent from this one. I trust that I am mistaken." American billboard advertising, especially in the environs of Los Angeles, aroused in him deep resentment. He remarks: "When on a lovely summer day you find your whole view of the Pacific, in a country as exquisite as the Riviera, broken by such legends as 'Hot Dog,' 'Why Not a Kelly Car?' 'Cheap Eats and Drinks,' it is time for that poor worm, the community, to turn. In one respect the American ads are less offensive than our own since they do not remind the populace of that much forbidden fruit, alcohol." However, he is bitter indeed against them, and even his interest in going to watch the rehearsal at a Goldwyn Studio is in part based on his escape from their obnoxious presence.

IN COURT'S PRESENCE He describes his visit: "It was a wonderful experience to come out of a hot, dusty suburb all plastered with the price of lots and every sort of hideous defacement, pass through a door and find ourselves in the presence of Philip, Mary and their court all seated motionless around their banquet table, with every dress and jewel and plate and goblet finished off to the last possible degree of perfection. No tinsel and nothing tawdry. Even so they lived." "Here too, for the first time we met Douglas Fairbanks and Mary Pickford, the most popular conception of the ideal male and female. We came to the conclusion that the popular conception was quite right. It would be hard to meet two people less spoiled by universal praise and sudden wealth. We found Mary Pickford intensely psychic herself, while Fairbanks had a robust open mind which only asked for definite experience. We indicated how to get it."

ARIZONANS STIRRED BY COURT ACT

Judge Gives Murderer Only Life Term; Mob Threatened Violence

(REUTERS DISPATCH) FLORENCE (Ariz.) April 30.—Judge Stephen Abbey of the Pinal County Superior Court sentenced Frank G. Hutchinson, who confessed to the murder of his wife at Superior on the night of the 13th inst., to life imprisonment. The crime was somewhat out of the ordinary, as death was inflicted by the explosion of five sticks of dynamite under the woman's bed. At the time there was fear of lynching at Superior, but the populace was restrained by the understanding that the death penalty would be forthcoming, it is said. Judge Abbey explained the leniency by the statement that the defendant had confessed "because officers of the State of Arizona had induced him to believe that by so doing he would avoid the death penalty." The court admitted that these inducements were made without any expressed authority, but that, having been made, "it has been rendered morally impossible for this court to impose the death penalty in this case." To do so would be a violation of all principles and ethics, an offense against divine law. The court has no moral jurisdiction to fix a death penalty in this case. The greatest penalty is the State of Justice to itself and the State of Arizona is that of life imprisonment. To inflict the death penalty under these circumstances would be a moral offense against the sovereign State and against God and God's law. "What doth the Lord require of thee but to do justice and love mercy and to walk humbly with thy God?"

Mexican Shot in Fight With Customs Men

(BY A. F. NIGHT WIRE) EL PASO (Tex.) April 30.—Eduardo Varela was fatally shot, it is believed, when he and six other Mexicans engaged mounted customs inspectors in a battle at the boundary line today. When the Mexicans saw the customs officials approaching they opened fire. Varela was shot and was captured with four others. Three made their escape. An automobile, 144 quarts and six sacks of liquor were seized.

NO SWAGGER STICKS FOR GIRL STUDENTS

CEDAR RAPIDS HIGH SCHOOL SUPERINTENDENT PUTS BAN ON TRAPPINGS

(REUTERS DISPATCH) CEDAR RAPIDS (Iowa) April 30.—A ban was placed on swagger sticks in Washington High School this afternoon by Supt. L. T. Turpin. A pretty girl, whose bobbed red locks and gaily decorated stick made her the center of all eyes, swaggered down a hallway just as the superintendent came along. "You can't swagger down these hallways with a swagger stick. Take it home, take it to the drug store, take it to the Y.W.C.A.," she admonished. "But I can't take it home," the astounded girl said, as scores of students giggled. "The school and the superintendent issued a warning that a swagger stick was too much swagger for the high school and would not be permitted."

NOTED ACTRESS AND EARL MARRY TODAY

(BY CHAS.—REUTERS DISPATCH) PARIS, April 30.—Gertie Miller, London's leading musical comedy celebrity, who starred on Broadway in "The Girl From Goshen" and the Earl of Dudley, one of Great Britain's exalted noblemen, will be married in Paris today at the British consulate-general offices. The Earl is a brother of Sir John Ward, extra query to the King, who married Miss Jean Reid, daughter of the late Whitelaw Reid, former American Ambassador to Great Britain.

PLUNDER SOON SPENT; MAN BACK FOR TRIAL

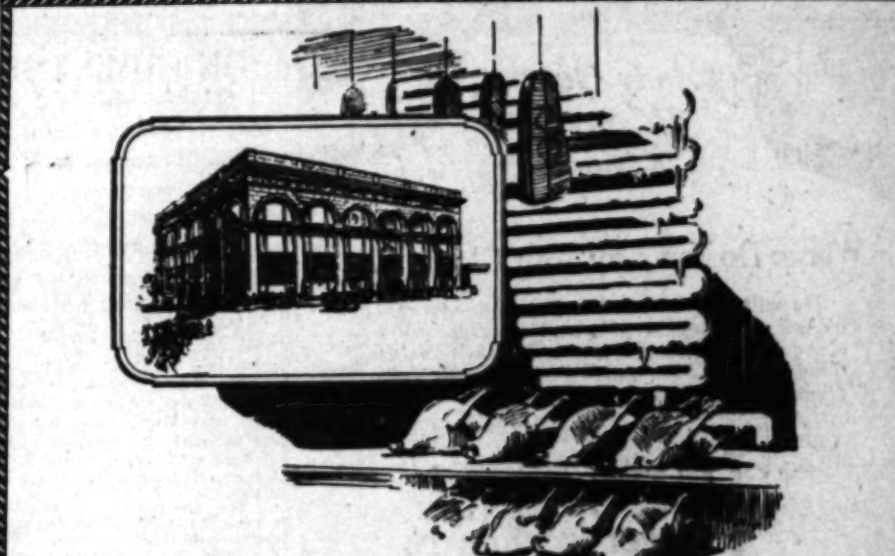

(BY A. F. NIGHT WIRE) SAN RAFAEL, April 30.—George Lister, absconding agent of the American Express Company at San Rafael, "rode the brakes" all the way to New York so that he would not have to spend any of the \$14,000 which he took from the company until he reached Broadway. Sheriff J. J. Keating announced today upon receiving word from New York with Lister. It took him just two weeks to spend the \$14,000 on the "Great White Way." Lister told the Sheriff.

CRIPPLED SHIP STOPS FOR FURTHER REPAIRS

(BY A. F. NIGHT WIRE) EUREKA, April 30.—The coast-wise steamer Ruth Alexander, which left Trinidad Head for San Francisco last evening after putting a temporary patch on a leak which forced her to anchor and transfer her passengers to another vessel, put into the port of Eureka today for further repair work. She is expected to resume her journey later in the day or tomorrow.

SEES RECORD YEAR IN PRODUCTION OF SUGAR

(BY A. F. NIGHT WIRE) SALT LAKE CITY, April 30.—More sugar beets will be grown this year and more beet sugar produced than ever before, in the opinion of Stephen H. Love of Salt Lake City, president of the United States Sugar Manufacturers' Association. Mr. Love said he expected 1924 production to be about 20 per cent over 1923.

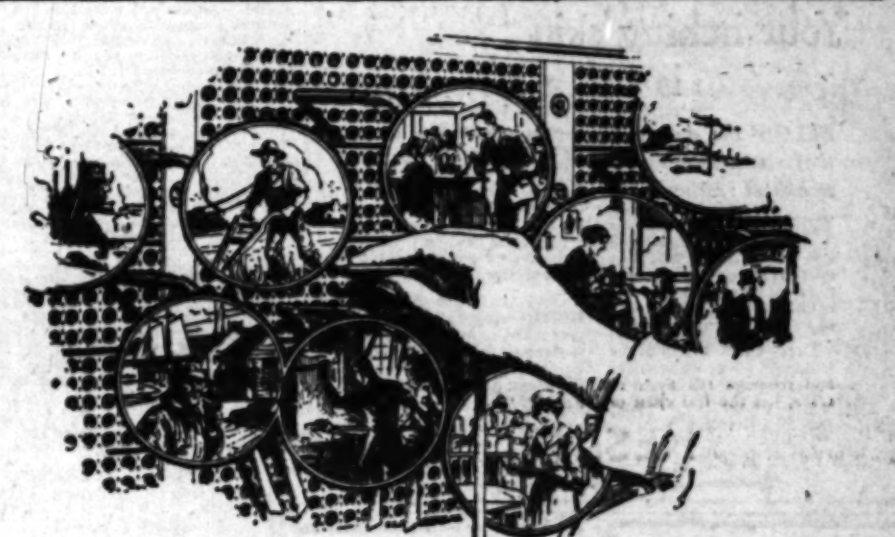

HIDDEN SAFEGUARDS

How necessary that the foods for your table should be of the best; that all their purity, their nutriment should be preserved! In Southern California particularly, special protection is needed to safeguard foods. Refrigeration is of vital importance in the preservation of meat, especially. A dry, sweet cooler is absolutely necessary to bring meats to tenderness, tastiness and healthfulness. Buying at Young's you have positive assurance that your family's food supply reaches you in perfect condition. For each year of the thirty-six that Young's have served Southern California homes, has seen added to their equipment every improved device that would more completely protect perishable foods. More than that, Young's have devoted time and money to searching out new ways of improving mechanical safeguards for foods. As a result, Young's have designed and patented a dry refrigeration system which perfectly protects perishable foods—a system now used throughout the United States. Into Young's new headquarters, at Seventh and Union, is being built the very finest of such equipment. Thousands of dollars which could have been saved have been expended in assuring absolute protection for your foods.

Windows of the Switchboard

A SIGNAL shows on the switchboard, a telephone number is asked for, and a wire highway is created over which two persons may send their words and thoughts, one to the other. Over forty million times a day these messages pass over the wires of the Bell System, to attract negotiations between buyer and seller, to keep homes and hearts united, to summon aid or protection in emergencies. To find the worth of this service would mean to look into nearly every home and office, nearly every shop and factory, in America, to watch how the nation's habits of life are geared to the power of communication. The telephone operator cannot follow her work to its results, but she can appreciate its importance. In her keeping is part of a great mechanism of nation-wide intercommunication, but those whom she serves and the benefits of her service remain unknown. Each summons for her cooperation is of equal urgency, for each helps to further the progress of the community and the nation.

**Southern California Telephone Company**  
BELL SYSTEM

**Farm and Tractor Magazine**  
The only agricultural magazine devoted entirely to local conditions. One of the 14 units making up the SUNDAY TIMES.

**Vote No on 4 next Tuesday**  
(THE \$21,000,000 POWER BONDS)  
**Taxes**  
(THE \$21,000,000 POWER BONDS)  
**Everybody Pays them but the Power Bureau**

It cost Los Angeles Taxpayers \$6,400,000 to pay interest and principal on \$23,500,000 of Power Bonds voted in 1910, 1914 and 1919. Each time the Power Bureau asked the Public to vote bonds, IT PROMISED TO PAY ALL INTEREST AND PRINCIPAL FROM EARNINGS.

NOT ONE OF THESE PROMISES HAS BEEN KEPT

Municipal bonds mean more taxes. The law under which they are issued provides in effect that ALL taxable property—BUT NOT including the Power Bureau property, which is NOT taxable—shall be MORTGAGED AS SECURITY for the money loaned on bonds.

The law under which the \$21,000,000 Power Bonds would be issued states:—

"For the purpose of paying the principal and interest of said bonds, the City shall, at the time of fixing the general tax levy, and in the manner for such general tax levy provided, LEVY AND COLLECT ANNUALLY EACH YEAR UNTIL SUCH BONDS ARE PAID, or until there be a sum in the treasury of said City set apart for that purpose to meet all sums coming due for the principal and interest on said bonds, A TAX SUFFICIENT TO PAY THE ANNUAL INTEREST ON SUCH BONDS, AND ALSO SUCH PART OF THE PRINCIPAL THEREOF AS SHALL BECOME DUE before the time of fixing the next general tax levy." "Such TAX shall be IN ADDITION TO ALL TAXES LEVIED FOR MUNICIPAL PURPOSES" and be used for NO OTHER PURPOSE than the payment of said bonds and accruing interest."

If bonds were not backed by taxes they could not be sold.

City Auditor Myers admits that in 1923 the Taxpayers footed another bill of \$1,145,000 for interest and principal on water bonds. This was because the Power Bureau pays nothing for the use of water brought 200 miles by your \$30,000,000 aqueduct, which it uses FREE to generate its power.

Taxpayers have already been compelled to pay \$6,400,000 in interest and principal on alleged self-supporting Power Bonds of previous issues. Past experience demonstrates that each NEW issue brings INCREASED TAXES.

The Power Bureau does NOT pay State or Federal Taxes. Its rightful tax would be \$820,932 per year.

The Power Bureau Bonds are State and Federal tax-exempt. If it paid a tax on its \$21,300,000 of outstanding bonds, the Government would receive \$213,000 per year.

WHO PAYS THIS TAX LOSS OF \$1,033,932 every year? YOU AS TAXPAYERS MAKE IT UP, of course. YOU PAY YOUR SHARE IN EITHER A DIRECT TAX ON YOUR PROPERTY, IN YOUR RENT, OR IN YOUR INCREASED COST OF LIVING.

**Bonds Mean More Taxes for YOU to Pay!**

## NO CASUALTIES ON GUMP TOUR

Andy's Purchases Raise Cry from "Sweetest Wife"

Min, However, Cancels Call for Funeral Wreath

Repartee Regales Throng in Shoppers' Wake

Andy Gump, runner-up for the Pacific Coast shopping championship, and Min Gump, holder of the national title, wrangled bitterly during the second day of the free-for-all shopping contest yesterday.

"You don't want a husband," protested Andy as he staggered under a host of bundles. "What you need is a drahorse—something with a strong back and a weak mind. Andy Gump was born a gentleman, not a beast of burden. You ought to have a fleet of trucks instead of a shopping bag."

"Poor, helpless creature!" retorted Min. "You're so tired from finding fault with me you can't lift a few small parcels. Even little Chester could carry those few things."

The affectionate repartee began at the Piggly Wiggly store, Third and Spring streets, at 11 a. m. Andy purchased a sturdy washboard and handed it to Min.

"Here is a little new-style washboard," he said. "It's home and play the 'Soap Suds Blues.'"

A GREEN SUI  
The Gumps motored to Foreman & Clark, upstairs clothes at Fifth and Broadway. There Andy chose a glaring green suit against Min's advice, whereupon Min said:

"Oh, look, spring is here in all his glory. When you step out on the street in that outfit all the little birds will begin to sing and green grass will sprout on the pavement. You look like a perpendicular vegetable garden."

"You look like a perpendicular vegetable garden," retorted Andy. "I can hear all the little birds in the store shrieking for the privilege."

So they did, and Min said:

WASHBOARD FOR MIN  
"I don't see why you complain about carrying bundles. Everything you've bought so far has been for your wardrobe—except the washboard. You're so good to me I'd like to bite your ear off."

"Stop jabbering," said Andy. "There are thousands of people shopping with us who will think our home life is modeled after the Battle of Verdun. Come on, Brandstatter's Critter Cafe. I'll buy you something to eat. When

## JOIN THE PARTY THIS MORNING

Eight Spots on Day's List of Andy, Min and Chester; Two Days to Go

Go shopping with the Gumps. Andy and Min are taking thousands of people along from day to day on their purchasing program in the downtown district. A motion-picture camera man catches the Gumps and the crowds in action. The Times-Andy Gump shopping tour began Tuesday and will end tomorrow.

Here are the stores Andy, Min and little Chester will visit today:

11-50 a. m.—Arnold Ross Luggage, 425 West Second.  
12-1-2 p. m.—Andy's Men's Clothing Store, 742 South Broadway.  
2-3-4 p. m.—Laguer-Mosier, 730 South Spring.  
5-6-7 p. m.—Suss Brothers, 742 South Hill.  
8-9-10 p. m.—Suss Brothers, 742 South Hill.  
11-12-1 p. m.—Suss Brothers, 742 South Hill.  
2-3-4 p. m.—Suss Brothers, 742 South Hill.

8-9-10 p. m.—Suss Brothers, 742 South Hill.

your mouth's full of food you can't talk. Andy and Min are taking thousands of people along from day to day on their purchasing program in the downtown district. A motion-picture camera man catches the Gumps and the crowds in action. The Times-Andy Gump shopping tour began Tuesday and will end tomorrow.

Here are the stores Andy, Min and little Chester will visit today:

11-50 a. m.—Arnold Ross Luggage, 425 West Second.  
12-1-2 p. m.—Andy's Men's Clothing Store, 742 South Broadway.  
2-3-4 p. m.—Laguer-Mosier, 730 South Spring.  
5-6-7 p. m.—Suss Brothers, 742 South Hill.  
8-9-10 p. m.—Suss Brothers, 742 South Hill.  
11-12-1 p. m.—Suss Brothers, 742 South Hill.  
2-3-4 p. m.—Suss Brothers, 742 South Hill.  
5-6-7 p. m.—Suss Brothers, 742 South Hill.  
8-9-10 p. m.—Suss Brothers, 742 South Hill.

"I haven't written to Uncle Ben for a long time," he said, "and I don't want him to think his loving nephew has forgotten him."

After which the Gumps went to the Women's Shoe Store, 617 South Hill street, where Min wanted a pair of blue and a pair of white pumps. And there was the Widow Zander.

"You look a little pale. Haven't you been feeling well?" I must send you to my hairdresser. She can do wonders with the most straggly hair."

"Women aren't calm the mused Andy. They are a whole lot of 'em, grownup ones, that make tigers seem like gentle little pets."

These, those and them  
"I asked for shoes—not for funny cracks," remarked Andy. "Give me a pair of these, a pair of those and a pair of them."

"I need some things for the house," broke in Min. "There were some splendid bargains advertised by Birch-Smith Company, 737 South Hill street, in The Times this morning."

The Gumps were shown through the Birch-Smith establishment from top to cellar, viewing furniture, and in the morning, in the kitchen in the basement Andy made a beeline for the refrigerator, helping himself to edibles.

"Force of habit," he said. "I don't get enough to eat at home."

"Make it a pneumatic one," Andy whispered to Walter Saint, sales manager. "I'll be on for size."

"I think we'll have to have a whole house full of new furniture tomorrow," said Min. "Some thing tells me a lot of things will be broken when we get home."

"Now, Min," put in Andy with a grin, "we've almost finished our shopping. Suppose we drive over to the Athletic Club den in 445 South Broadway, and buy a large bouquet of roses."

"For your little friend, Babe, I guess," said Min sweetly. "You never think of being flowers, do you? If they're for Babe let me pick them out. I'll see they have some thorns on them and are packed with poison ivy instead of ferns."

"No, darling, the flowers are for the sweetest wife in world, Mrs. Minerva Gump, wife of Andrew Gump, the finest husband any woman ever had."

The Gumps went to the florist and after Andy had ordered a bouquet of American beauty roses, Min told the clerk to cancel the order she had phoned in for a funeral wreath.

"I won't need it today," she said. "But please keep a nice one ready. Mr. Gump and I are going shopping again tomorrow."

Which is true—about the Gumps going shopping again. They are appearing in the comedy, "What's the Use?" at the California Theater, and their shopping tour, under auspices of The Times, will continue today and conclude Friday.

Thousands of people have taken advantage of the opportunity to shop with the Gumps, and Andy and Min are so pleased that they contemplate a shopping tour of the principal cities in the United States—that is if Fred Miller keeps on getting record crowds at the California through the Gump comedies.

The Gumps will make a personal appearance at the California Theater tomorrow at 2:15 p. m. and again at 8 p. m.

## NEW SPENCER FIGHT OPENED

Mrs. Lessig Granted Right to File Court Plea

Petitioners Accuse Relatives of Halting Wedding

Telegram Features Action in Shattered Romance

William A. Barnhill, attorney for Mrs. Clara Bell Lessig and Mrs. Nannie C. Bell, yesterday instituted proceedings seeking to set aside the court order placing Amos Peasley Spencer in the case of probate officers. Judge Hartley Shaw granted them leave to file a petition for an order to show cause why the finding should not be set aside.

This is the second step in the legal battle started by Mrs. Lessig following the ending of her romance with Spencer, who is 75 years of age and a wealthy retired merchant. Tuesday, Mrs. Lessig filed two suits demanding \$202,000 from Spencer and relatives for asserted breach of promise and damages. She also demanded that Spencer be removed from the altar one hour before the ceremony on April 27, by a deputy sheriff. The order arrested him on a lunacy warrant obtained by Spencer's relatives.

ACCUSE RELATIVES  
In the action filed yesterday, the petitioners charged Spencer's relatives with using improper means to prevent the wedding. They also denied that Spencer was mentally unbalanced.

They likewise charged that Spencer and his relatives used the courts to halt the wedding, and employed trickery to prevent Mrs. Lessig from learning Spencer's whereabouts after he was taken from her home.

Prior to the asserted date of the wedding, the petition stated, many telegrams were sent to Spencer by relatives, and a protest against the wedding. Spencer also is declared to have sent a number of wires.

WITNESSES NAMED  
The petition states that it is purposed to call as witnesses in the hearing Deputy Sheriff Heine, who served the lunacy warrant; Attorney Albert Crutch, who drew the prenuptial agreement; the manager of the Los Angeles Transfer Company; the manager of the Western Union Telegraph Company; and John W. Powell, Powell is a process server, the petition stated, and will testify that relatives of Spencer attempted to prevent the service of the process in the breach of promise suit.

It also is purposed to introduce at the hearing the following exhibits: copy of the wedding invitations to the engraver, said to be in Spencer's handwriting; a tag in a trunk to be sent to a hotel at Santa Barbara, addressed to Mrs. A. P. Spencer, and a list of guests invited to the wedding, both also in his handwriting, it is asserted.

TELEGRAM FIGURES  
A telegram signed Harry and Wilbur Spencer, sons of the intended husband, likewise will be introduced, it was stated. The message follows:

"DAVENPORT, Iowa, April 24, 1924.—Mrs. Clara Bell Lessig, 224 South Wilton, Place, Davenport, Iowa. I am contemplating marriage to father in law, we ask you to postpone it at least until our meeting here. We are from us and father a year. As a true Christian woman, if you are sincere in this step, you cannot deny us or him that sacred request. It means the loss to him of all his respect, his friends and business associates. Granting you are sincere, then why rush the ceremony against all others' best judgment?"

TRUCE PUTS  
END TO WAR  
OVER FISH

With Big Surplus Sold, Purse Seiners Threaten to Market Catches

The oversupply of fish has been disposed of and the piscatorial war has subsided outwardly, following two days of near riots at Los Angeles Harbor. But out of the clash comes a warning from the fishermen that they may undertake their own wholesale sale of fish some time in the not far distant future.

This was the statement yesterday of Gilbert C. Van Camp, representative of the fishermen, who said the fishermen had refused to buy at any price.

Forty tons were shipped south in two large boats yesterday afternoon to be sold at the market in San Diego. The fishermen will get 2 to 4 cents a pound. In the meantime, Van Camp went into markets which heretofore had bought largely from the wholesalers and sold twenty tons more yesterday morning, thus disposing of the entire catch. A few yellowtail were bought yesterday by the wholesalers, but the latter otherwise refused to buy anything at any price.

Mr. Van Camp said feeling ran so high among the fishermen he represents that he had difficulty in inducing them to sell wholesale any part of their catches at any price.

All sixty of the fishing boats will be tied up in port the remainder of the week, Mr. Van Camp said, the fishermen declaring it not worth while going to sea when their catches cannot be marketed to better advantage.

CONCERT BY MALE CHORUS  
A concert is to be given by the United Scandinavian Male Chorus, composed of all Norwegian and Danish singing societies in Los Angeles, at the Philharmonic Auditorium, at 8 o'clock, May 2. The concert will be directed by Hans Thomsen and Sig. Helgeson. A number of prominent soloists have been engaged to appear with the chorus.

## INDIFFERENCE IN AMERICA IS HIT

Held to be Greater Danger Than Anarchist

Edward Duffield Cheered in Patriotic Speech

Tells Underwriters About High Court Ideas

"The greatest danger to America today is not the Socialist, the Bolshevik nor the anarchist—it is the indifference of the American people."

Edward D. Duffield, president of the Prudential Life Insurance, brought more than 600 members of the Los Angeles Underwriters' Association to their feet cheering last night as he concluded a stirring patriotic speech appealing for a return to the American idealism of the past.

"The crowd broke into the strains of 'America' as the cheering subsided."

"The sooner we stop seeking to remedy our present-day evils by new methods of government and return to the principles of unselfish service," Mr. Duffield declared, "the sooner will we find a solution for the problems which now perplex us."

"We are prone to consider the Constitution of the United States a dusty old document in Washington designed to keep us from doing something we want to do. We hear many people say the Supreme Court ought not to have the power to declare laws unconstitutional and there are bills before Congress now, designed to take that power from the Supreme Court."

"I don't know how you feel about it, but I want to say that I don't want this Congress or any other Congress to tell me how I shall worship Almighty God—and that's just what it means if you take away the Supreme Court's power to uphold the Constitution in the face of Congressional opposition."

"America's greatest need is unselfish service—not new ideas in government. It is time for us to look back toward the men who made this country and realize that the principles they enunciated and established here were eternal principles and we must be prepared to make sacrifices for them even as they sacrificed themselves for those principles."

Mr. Duffield pointed out that the insurance man is engaged in a profession of public service, the object of which is to induce men to buy something for their own use or pleasure, but to make a personal sacrifice for those who are able to survive them.

G. W. Ayars, president of the Los Angeles Underwriters, presided.

## A Quaint Recipe for Beauty

If you had lived in England in the 17th Century, you would probably have risen at three of the clock on the morn of the first of May and hid yourself to the green meadows to bathe your face in the dew. And you would expect forthwith the rosy cheeks, the fair skin, the red lips—whatever you sought, forthwith!

Today's beauty secret is wiser, for beauty more potent—and she may use them every day, at any hour.

Rose-Petal Skin  
is the result of excellent care every day. We recommend here some creams we know thoroughly.

Rubinstein's Pastourized Face Cream—a matchless tissue-building and cleansing cream. \$1.

Anita Freckle Cream, of pure ingredients, 50c.

To whiten the skin, Rubinstein's Bleaching Cream, \$1 and \$2.

If your pores are enlarged, or skin inclined to be coarse in texture, you will find Vivandou's at \$1 a very satisfactory astringent cream.

Before powdering, rub in Pond's Vanishing Cream—and marvel at the velvety texture it gives, and how long the powder adheres. 30c, 60c.

Woman's Crown of Glory  
of late sadly mistreated—but, as ever, capable of beauty! Mavis Softened Brilliance gives a beautiful gloss and keeps the hair longer in curl. 75c.

Cappi's Brilliantine, in tubes, 50c.

Shampoo with Wildroot Shampoo, 50c—then rub in vigorously Pinaud's Eas de Quinine, 85c to \$1.25.

For hairdressers, Van Eas' Liquid Tonic and Special Dandruff Massage, \$1.50.

## SCHWAN FACES POSTAL CHARGE

Washington Orders Dismissal of Pomona Official  
New Shortage in Accounts is Reported Found

### Assistant Postmaster's Case Causes Mystery

(LOCAL CORRESPONDENCE)  
POMONA, April 30.—With a possibility of prosecution for alleged misappropriation of funds impending, Charles F. Schwann, assistant postmaster of Pomona, has been permanently discharged from the post office here. The discharge was made by the postmaster general in Washington, D. C. Schwann's accounts at the post office here were discovered several months ago by postoffice inspectors, according to reports, but was made up by Schwann. He was not making up the accounts, but was making up the accounts of the post office here. Schwann was not making up the accounts, but was making up the accounts of the post office here. Schwann was not making up the accounts, but was making up the accounts of the post office here.

### DISMISSAL ORDERED

Following investigations by Federal inspectors here last week, telegraphic orders were received from the postoffice department in Washington to suspend Schwann from the service. Further orders were received from the department, effective this morning, that Schwann be dismissed from the service. Schwann, oldest carrier in point of service in the Pomona office, having served here for twenty-eight years, will take office as assistant postmaster, effective tomorrow. Schwann is well known in Pomona, for besides his activities as mail carrier, he was for several years a member of the school board and has been active in lodge work here. He is a Republican.

Whether or not Federal action will be taken against the discharged assistant postmaster depends upon the result of further investigation being carried on by inspectors. No information could be gained as to the length this investigation has gone and the fact that no action was taken when a shortage was discovered several months ago lends mystery to the affair. Schwann had been assistant postmaster of the Pomona office ever since he assumed that position with the appointment, in 1895, of the late Senator George H. Reaume as postmaster. His faithful service of more than a quarter century has made him well known here and is believed to have been a factor in the leniency displayed when his first asserted shortage was discovered. Schwann was in conference late today with Postmaster Harry Westgate at the postoffice. Asked for his version of the affair, he refused to make any statement whatever.

## PARADE ONE FEATURE OF BOYS' WEEK

Santa Maria Rotarians Plan Program Friday to Entertain Lads

(LOCAL CORRESPONDENCE)  
SANTA MARIA, April 30.—Final plans were outlined at a meeting of the Rotary Club for the Boys' Week program here. According to the plans announced, every school boy in this district will be invited to join in a street parade Friday afternoon, which will form in the downtown district and march to Buena Vista Park where a program is to be given in the pavilion. The program will include a talk by the Santa Maria Rotary Club, a number of local scoutmasters will be in charge of the Boy Scout division of the parade and J. W. Gaudich, superintendent of the Santa Maria elementary schools will care for the other boys. Last year a number of local boys were taken on a camping trip to the mountains by a committee of the Santa Maria Rotary Club.

## VAN NUYS WILL HEAR FLOOD-CONTROL PLAN

(LOCAL CORRESPONDENCE)  
VAN NUYS, April 30.—The closing and chief political event of the bond campaign will be the open forum to be held Thursday evening under auspices of the Chamber of Commerce at the high school auditorium. Speakers will come from Los Angeles to throw light on proposed bond issues. A twelve-inch water main was broken at the intersection of the Chamber of Commerce and the high school auditorium. The water was taken on a camping trip to the mountains by a committee of the Santa Maria Rotary Club.

## LANDSLIDE PERILS MOTORISTS' LIVES

By a "Times" Staff Correspondent  
PASADENA, April 30.—The lives of many passing motorists were endangered at a late hour last night when a landslide of tons of loose dirt broke from the banks on Colorado street and slid into the Arroyo Seco. A twelve-inch water main was broken at the intersection of the Chamber of Commerce and the high school auditorium. The water was taken on a camping trip to the mountains by a committee of the Santa Maria Rotary Club.

## COMMUNITY ORGANIZES LANKERSHIM

(LOCAL CORRESPONDENCE)  
LANKERSHIM, April 30.—Residents of Calhoun Park along Ventura Boulevard have organized a community development association that is to be the clearinghouse for local social activities and civic problems. E. A. Elkins was chosen permanent chairman.

## REDLANDS RALLIES TO COOLIDGE

Voters Hear Two Angeleno Speakers Laud President at Club Meeting

### Huge Parade to Mark Opening of Annual Session

(LOCAL CORRESPONDENCE)  
REDLANDS, April 30.—A great rally for Coolidge for President was held at the Contemporary Clubhouse last night, the large auditorium being crowded with enthusiastic supporters of the president. The meeting was arranged by the Coolidge-for-President Club of Redlands and was of a character as to indicate that his campaign was found great favor with the voters of Redlands. There were two speakers for the evening, both from Los Angeles. One was Mrs. Viola Waddell, who told of the work women are doing to support the candidacy of Mr. Coolidge for the nomination. She says that the women are solidly behind him because he has shown himself to be a man of enough man for a difficult job.

## SEWER BOND ISSUE VOTED AT ELECTION

Project at San Fernando Soon to be Under Way; 355 For, 156 Against

(LOCAL CORRESPONDENCE)  
SAN FERNANDO, April 30.—Final tabulation of the vote cast yesterday at the special bond election shows that 355 ballots were cast for the \$20,000 issue of sewer bonds and 156 against the bonds. With this endorsement of the proposed improvement the City Trustees will close the option recently obtained on land in Pacoima, which is a site for the septic tank disposal plant. The bonds will be offered for sale at an early date. The project calls for the installation of 7000 feet of new main leading through the business district to the disposal plant. The installation of the main will follow shortly, this work to be done under the bonding act. The system is designed to meet the demand of the city of the size San Fernando hopes to be ten years hence, although the septic tank is not expected to be used any longer. The project is the ultimate intention is to dispose of the waste through a sewer line to be constructed by the Los Angeles city for the relief of the San Fernando Valley annexation district.

## Many Expected at Long Beach Epworth Meet

(LOCAL CORRESPONDENCE)  
HUNTINGTON PARK, April 30.—Several hundred delegates from the Long Beach district of the Epworth League will assemble here at the annual convention which will be held in the First Methodist Episcopal Church, beginning May 1, and continuing three days.

## MOUNTAIN RESORT ASSOCIATION MEETS

By a "Times" Staff Correspondent  
SIERRA MADRE, April 30.—The second meeting of the Resort Association of the Sierra Madre was held at the home of William Murphy in this city yesterday afternoon. New members taken in included Frank Headlee, Cold Brook Camp; George Hartman, Orchard Camp; G. E. Russell, Eleven Oaks; W. E. Corey, Mt. Wilson; Judas Priest, Alpine Tavern; Ernest Devore, West Forks; T. E. Justice, Tule Lake; and John O'Neil, O'Neil's Camp. The next meeting will be held the 7th inst. in Sierra Madre.

## BELL KIWANIS CLUB TO ORGANIZE TODAY

(LOCAL CORRESPONDENCE)  
BELL, April 30.—The new Kiwanis Club, which is being formed here, will be organized tomorrow noon, when the first noonday luncheon of the club will be held, attended by the members of the Kiwanis Club of Huntington Park, which is sponsoring the organization. The session will be held in the building at 14th and Baker streets, which was formerly used for the Chamber of Commerce.

## MANY ACCEPT CITY'S FREE INOCULATIONS

(LOCAL CORRESPONDENCE)  
SOUTH PASADENA, April 30.—More than fifty persons have accepted the offer of the City Health Department of free vaccination against typhoid fever. Dr. R. R. Reid, City Health Officer, stated today. The offer of vaccination was made in letters mailed yesterday to all residents of the city. Typhoid bacilli were found in two samples of water taken from mains here last Wednesday. Water samples taken Saturday, Dr. Reid said today, were free from contamination.

## OUTDOOR MASS TO BE FILMED

Thousands Expected to Attend Service at Pasadena Will Precede Convention of Knights of Columbus

### Huge Parade to Mark Opening of Annual Session

By a "Times" Staff Correspondent  
PASADENA, April 30.—For what is believed to be the first time in the history of the Catholic church, motion pictures are to be made of the celebration of a mass in Pasadena next Sunday, when the twenty-second annual convention of the Knights of Columbus will open there. The mass which is to be celebrated will be an outdoor one, in Tournament Park, and at least 15,000 people are expected to attend. Just what ceremony will be the celebrant has not been definitely settled but it will probably be Bishop J. J. Cantwell of the diocese of Los Angeles, assisted by Bishop Joseph Glass of Salt Lake City and other high dignitaries of the Catholic Church on the Pacific Coast. Approval of the making of a motion picture of the religious ceremony and of the huge congregation given by church officials only after long and careful consideration and was granted in order that the thousands who are unable to attend the convention may view it through the film news weeklies.

## MONSTER PARADE

Proceeding the mass there will be a monster parade in Pasadena over a line of march of approximately three miles, in which 7000 members of the Knights of Columbus will take part. Leading the line will be 1000 of the sailors from the Pacific Fleet, who are to be brought to Pasadena by the ship "America," as guests of Pasadena Council. Special trains will bring them back and forth from Los Angeles and San Francisco. They will be followed by 400 Fourth Degree Knights of Columbus in their picturesque regalia. Behind will come thousands of the Knights of lesser degree and thousands of Catholic men and women. By far the largest ever held by Catholics in the West, from a reviewing stand on the Hotel Huntington, will be the convention headquarters.

## CONVENTION OPENS MONDAY

The convention proper will begin Monday, an exemplification of the major degrees of the order will be held in the hall of Pasadena Council, while Hollywood and Los Angeles will be the scene of a baseball game between the Knights of the city and the Knights of the city. The convention proper will begin Monday, an exemplification of the major degrees of the order will be held in the hall of Pasadena Council, while Hollywood and Los Angeles will be the scene of a baseball game between the Knights of the city and the Knights of the city. The convention proper will begin Monday, an exemplification of the major degrees of the order will be held in the hall of Pasadena Council, while Hollywood and Los Angeles will be the scene of a baseball game between the Knights of the city and the Knights of the city.

## MANY AUTO TOURS

Wednesday the State Council will hold its concluding session, while the club will devote the day to entertainment of the visiting delegates and friends with automobile tours about Southern California. The touring party will be a continuous part of the program of entertainment, for the delegates will be taken to the American Library Association, the resolution of importance to the association was passed relating to the bill now before Congress which would reduce postage on books sent through the mails. Many of the delegates were shown through the famous Henry Huntington library. The delegates were entertained at tea this afternoon by the Vroman's book store of this city.

## CORPSE IS SOUGHT ON SEA FRONT

Long Beach Police Think Body of Priest Should be Given by Ocean

(BY A. P. NIGHT WIRE)  
LONG BEACH, April 30.—The entire water front is being watched by the police today for the body of Rev. William Nicol, cousin of Mayor James R. Kipp, Jr. of San Francisco, who has been missing from his room in the Hotel Schuyler since the 21st inst. Working on the theory that the priest was drowned the police, say the body should float in some time today. It is now the duty of the police to search for the body of the priest who was missing from his room in the Hotel Schuyler since the 21st inst. ## INDUSTRY AND TRADE TRENDS

Conflicting Tendencies Are  
Still in Evidence

Underlying Strength Sound;  
Outlook Encouraging

Level of Building Activity  
Well Sustained

Conflicting tendencies in in-  
dustry and trade persist, states  
the current issue of "The Guaranty  
Survey," published by the Guar-  
anty Trust Company of New York.

"Lessened production in some  
basic industries, a reduced volume  
of freight movement, the decline  
of commodity prices, and accentua-  
tion of the conservatism which  
characterizes buying policies  
have all reacted on business  
sentiment," the "Survey"  
continues. "The passage of the  
bonus bill by the Senate substan-  
tially in the form approved by  
the House increases the likelihood  
of the enactment of the measure  
despite a possible veto. And the  
continued delay in action on the  
important matter of tax revision  
is necessarily disturbing element  
in the business situation. The nu-  
merous congressional inquiries  
have also contributed to the weak-  
ening of confidence in the busi-  
ness outlook. A recent compila-  
tion shows that eleven Senate  
committees and five House com-  
mittees, composed of fifty Sena-  
tors and thirty Representatives  
are engaged in various investiga-

UNDERLYING STRENGTH  
"It is easy, however, to exag-  
gerate the significance of the re-  
cession in some lines of produc-  
tion and trade. A year ago ac-  
tivity was at an extraordinarily  
high level, and current records  
somewhat below those of that pe-  
riod are consistent with the main-  
tenance of generally favorable  
business. Apart from political un-  
certainties, the economic features  
of the business situation indicate  
the probable continuance of pro-  
duction and trade at close to nor-  
mal levels. There is no threat of  
a general depression comparable  
to that of 1929-31."

"The prompt acceptance of the  
report of the Davis committee by  
the governments concerned  
gives renewed hope that a prac-  
ticable plan for dealing with the  
reparation problem has at last  
been formulated."

"American interests are vitally  
involved in the economic rehabi-  
litation of Europe. And it will  
be an occasion for lasting grati-  
tude and justifiable pride if it  
shall prove that a body of experts  
under the leadership of an Ameri-  
can business man, has pointed the  
way to a solution of the problem  
which has been the chief obstacle to  
the restoration of normal world con-  
ditions."

### BUILDING INDUSTRY

"In spite of the high level of  
building activity which has been  
maintained for more than two  
years, it is evident that an ap-  
preciable part of the shortage re-  
sulting from the relative inaction  
of the war period still remains. From  
time to time attempts have been  
made to estimate the extent of the  
shortage, and the progress al-  
ready made toward its removal.  
These estimates show considerable  
variance, but in general they tend  
toward the conclusion that a  
dearth of structures for the coun-  
try as a whole is still apparent."

"However, present conditions give  
promise of a well-sustained rate  
of activity throughout this year.  
There are a number of certain fac-  
tors in the present situation which  
are less favorable than the con-  
ditions which prevailed in 1932.  
The shortage is undoubtedly less  
acute than a year ago, and the  
ability of the industry to proceed  
in spite of rising costs is corre-  
spondingly less. On the other hand,  
the amount of contemplated con-  
struction in most sections is some-  
what smaller. Except in New York  
City, present indications do not  
point to an likelihood of over-  
expansion, and the rate of building  
may be expected to continue near  
present levels until rents decline  
sufficiently to stimulate the in-  
centive to further construction."

"Such a decrease in rents, how-  
ever, would in turn operate to  
stimulate the demand for space—  
in other words, to prolong the ex-  
istence of the housing shortage.  
The decline in building activity,  
therefore, will probably be gradu-  
al, until the supply of space is  
ultimately brought into equi-  
librium with population, through  
the medium of rents and construc-  
tion costs."

### CRUDE RUBBER MARKET

NEW YORK, April 30.—The rubber market  
today had a further quiet session with little  
change in prices. A sharp decline  
was noted in the London and Singapore  
markets, but in the United States  
the market was firm. The price of  
No. 1 standard rubber was 15 1/2c  
per pound, and the price of No. 2  
standard rubber was 15c per pound.  
The market was quiet and no new  
business was reported.

### STAMPING OUT DISEASE

In a statement issued yester-  
day by the Agricultural Legislative  
Committee of the California De-  
velopment Association, State De-  
partment of Agriculture, a very en-  
couraging feature of the fight  
against the foot-and-mouth disease  
was said to be in the fact that  
new infections are being closely  
confined to the infected, close-  
quarantined areas. A summary  
shows that over half of the total  
number of animals slaughtered to  
date were in Merced and Mari-  
posa counties, about one-fifth of  
the total number slaughtered were  
in Los Angeles county.

There have been no new infec-  
tions in Stanislaus county for five  
days. Both the Stanislaus and  
Madera county infections were ex-  
tensions of the Merced county in-  
fection.

The few infections in Kern coun-  
ty have been closely confined to  
the vicinity of the original infec-  
tion around Bakersfield. There  
have been no new infections in  
Kern county for ten days.

The hog ranch in San Bernar-  
dino county where the infection was  
found a week ago is isolated from  
other live-stock ranches, so there  
is not much probability of its in-  
fecting area spreading.

Infections in San Joaquin coun-  
ty have been closely confined to  
the vicinity of the original infec-  
tion. The first infection occurred  
at the following chart shows the  
date of the last infection in each  
of the quarantined areas:

Alameda, March 23; Contra  
Costa, April 24; Solano, March 13;  
San Francisco, March 24; San Jo-  
aquin, April 21; Stanislaus, April  
13; Merced, April 27; Mariposa,  
April 13; Madera, April 28; Kern,  
April 17; Los Angeles, April 27;  
San Bernardino, April 31.

## DAILY TRADE TALK

Code of Business Ethics; Bank Clearings Reflect  
Seasonal Decline; Stamping Out Disease

A code of business ethics has  
been worked out by a committee of  
the Chamber of Commerce of the  
United States, based on the "ma-  
terial needs of mankind" and the  
necessity of "increasing the wealth  
of the world and the value of hap-  
piness of life."

The codes, which will be sub-  
mitted to the convention of the  
chamber at Cleveland on May 6,  
follow:

The foundation of business is  
confidence, which springs from in-  
tegrity, fair dealing, efficient ser-  
vice and mutual benefit of business.  
The reward of business for ser-  
vice rendered is a fair profit plus  
a safe reserve to meet future ex-  
penses.

Equitable consideration is due  
in business alike to capital, man-  
agement, employees and public.  
Knowledge—thorough and spec-  
ial—of the facts and forces affecting a busi-  
ness enterprise are essential to its  
success. Knowledge of the public  
service to be rendered is equally  
essential.

Permanency and continuity of  
service are aims of business.  
That knowledge gained may be  
fully utilized, confidence estab-  
lished and efficiency increased.

Business is a social activity. Society  
prompt business unceasingly to  
strive toward continuity of opera-  
tion, bettering of conditions of em-  
ployment and increasing of effi-  
ciency and opportunities of indi-  
vidual employees.

Contracts and undertakings,  
written or oral, are to be per-  
formed in letter and in spirit.  
Changed conditions do not justify  
their cancellation without mutual  
consent.

Representation of goods and  
service should be truthfully made  
and scrupulously fulfilled.  
Waste in any form—of capital,  
labor, services, materials or nat-  
ural resources—is intolerable, and  
constant effort will be made to-  
ward its elimination.

Every nature of the  
inflation of credit, overexpansion,  
overbuying, overvaluation of  
property, which create artificial  
conditions and produce crises and  
depressions are condemned.

Unfair competition, embracing  
all acts characterized by bad faith,  
deception, fraud or oppression, in-  
cluding commercial bribery, is  
condemned. Waste and a public  
wrong. Business will rely for its  
success on the excellence of its own  
services.

Controversy will, where possible,  
be adjusted by voluntary agree-  
ment or impartial arbitration.  
Corporate forms do not absolve  
or alter the moral obligations of  
individuals. Responsibilities will  
be accepted and discharged as  
thoroughly as those acting in  
representative capacities as  
when acting for themselves.

Lawful co-operation between busi-  
ness men and useful business or-  
ganizations in support of these  
principles of business conduct are  
commended.

Business should render restric-  
tive legislation unnecessary through  
so conducting its affairs as to de-  
serve and inspire public confidence.

BANK CLEARINGS  
Reflecting the expected seasonal  
diminution in trade activity, bank  
clearings in Los Angeles for the  
month of April as reported yester-  
day by the Los Angeles Clearing  
House Association, dropped to  
\$469,711,212.76, a decrease of 5  
per cent from March, but a gain  
of 9 per cent over April of 1933.

The percentage increase over the  
corresponding month of last year  
is the smallest since the beginning  
of 1924.

With one exception, the seasonal  
index of bank clearings for April  
has been the lowest month in the  
year in the past five years. Nor-  
mally, clearings rebound from the  
April low to a peak in May, a 15  
point advance in May, and unex-  
pected influences intrude, the  
current month should run true to  
form.

April clearings were the lowest  
since September of last year when  
a total of \$574,170,254 was re-  
corded.

Following are the comparative  
figures for 1934 and 1933:

Month..... 1934..... 1933.....  
January..... \$72,911,310..... \$72,911,310.....  
February..... \$72,911,310..... \$72,911,310.....  
March..... \$72,911,310..... \$72,911,310.....  
April..... \$469,711,212.76..... \$469,711,212.76.....

STAMPING OUT DISEASE

IS IT BASED ON A  
Sound, Going Industry

Established in 1912, the CELITE COMPANY has developed into an industry in which Southern California leads the entire world. It owns in fee some 2200 acres of land at Lompoc, Santa Barbara county, containing millions of tons of a basic material from which it produces in its own plants, vital economic necessities for leaders in American industry.

Practically 90% of the cane sugar refined in the United States passes through CELITE, while from 85% to 90% of the high temperature insulation in the United States is done by CELITE. Each 1100 share of 7 1/2% Cumulative First Preferred Stock Class "A", backed by 1766 of assets and the dividend requirements being earned ten times over, it unquestionably meets every test of a sound investment.

Ask for the Circular that Proves It. We recommend and offer THE CELITE COMPANY'S 7 1/2% Cumulative First Preferred Stock, Class "A", at \$100 a share and accrued dividend. Exempt from Normal Federal Income Tax and California Personal Property Tax.

An Investment  
Suggestion for  
Newcomers

Many former residents of other States who have now established their homes in California are finding that the California Personal Property Tax makes considerable reduction in the net return from Eastern bonds and mortgages.

The following irrigation and reclamation bonds are prior liens on fertile California acres and are exempt from both Federal Income and California Personal Property Tax. At present prices they afford an unusually attractive opportunity for newcomers who wish to transfer their funds to tax free California issues.

- Delta Farms Reclamation District  
6% Bonds, Due 1928-1935  
Prices Various to Yield 6.25%
- Glenn Colusa Irrigation District  
6% Bonds, Due 1927-1937  
Price 100 and Interest to Yield 6%
- Lindsay Strathmore Irrigation District  
6% Bonds, Due 1944-1946  
Prices Various to Yield 6.25%
- Merced Irrigation District  
5 1/2% Bonds, Due 1932-1955  
Price 101 and Interest to Yield 5.45%
- Reclamation District No. 1004  
6% Bonds, Due 1931-1933  
Price 99 and Interest to Yield 6.10%

FEWER SHOES  
GOING ABROAD

Foreign Competition Reduces Domestic Production

South America Enters Market to Supply Needs

Other Countries Learning to "Roll Their Own"

BY GLENN GRISWOLD  
(EXCLUSIVE DISPATCH)  
(Copyright, 1924, Public Ledger)

CHICAGO, April 30.—An industry which appears to be suffering more from the dampening of foreign demand than does the wheat industry is that of shoemaking. Yet we hear little about an unusual form of foreign competition that is a constantly growing problem to this industry. A survey of the shoe-manufacturing establishments in the five States surrounding Chicago indicates that March business was nearly 15 per cent less than that of March, 1923, and unfilled orders on the books of the companies show a shrinkage of more than 10 per cent.

Until recently Central and South America and Australia furnished the outlet for the excess production of American shoe factories and these in the Chicago and St. Louis districts had a particularly profitable business with Mexico and countries to the south. Shoemaking machinery has been moving in large totals to Mexico, the Argentine and Brazil and to Australia. This is largely automatic machinery and forms a material part of the \$200,000,000 of machinery exclusive of automobiles and farm implements which were shipped out of this country last year.

ROLLING THEIR OWN  
As typical of what is happening to the shoe industry as a result of shipping machinery to the countries that produce the hides one Chicago manufacturer who, five years ago, had fifteen sales agencies south of the Rio Grande and did a big export business in that direction has closed the last of these agencies and sells but a few shoes in those lands where he once sold thousands.

Many industries feel this sort of competition, that in which the machinery sellers are killing the American market, but shoes and textiles suffer most. In the textile business our best markets in what we once termed the backward countries are disappearing. India for generations raised an abundance of good short staple cotton which she shipped to fabricating countries and bought rough cotton goods in return. A few years ago the machinery salesman got a foothold in India. Today that country is in operation 6,750,000 cotton spindles and 124,000 looms. Anyone who has stood at the foot of a loom and watched the yardage come out has seen the effect of the output of 124,000 looms on the foreign trade of the United States, England, Germany and even Japan. India today consumes in her own looms nearly 2,000,000 bales of cotton, which is a lot of cotton, and about a third of the average export shipments of the United States. One sometimes wonders what will happen to the foreign trade of the world when the machinery salesman has reached the saturation point and the winds who make anything synthetically have exhausted their experiments. Perhaps we shall again confine our international business to such luxuries as myrrh and incense.

BOND QUOTATIONS

(BY A. P. NIGHT WIRE)

NEW YORK, April 30.—Bond prices lagged in today's dull trading, which was enlivened only by movements in a few individual issues.

Firmness of money rates checked the tendency which recently had been in evidence, turning the main trend toward lower price levels. Reaction in the Federal Reserve Bank's discount rate was not announced until after the close of the market. The cut from 4 1/2 to 4 per cent, however, was welcomed in bond circles, on the theory that it would release additional funds for investment purposes.

Announcement by the Bethlehem Steel Corporation that it would offer \$50,000,000 additional 5 per cent bonds to the public influenced selling of the company's outstanding issues, which dropped 2 points each to new low prices for the year.

Seaboard Air Line obligations were the only conspicuous strong spots in today's trading. Buying was stimulated by the company's favorable report on March operations, showing the highest earnings in its history. Adjustment of the dividend to the year's best price at 55 1/4.

Serbian 5s again were the outstanding feature in the foreign group, establishing a new 1924 high record of 93 3/4.

NEW YORK CURB

(BY A. P. NIGHT WIRE)

NEW YORK, April 30.—Stock prices displayed a hesitating tendency in today's curb market, with selling pressure being concentrated on the 4s and 5s, because of the further increase in yields and gasoline stocks in storage. With exception of Point West and Imperial of Canada, which dropped 1 and 2 points, respectively, the rest of the active issues were held to fractions. Large Petroleum was again the most active stock on the curb, trading at a slight decline. Loans prevailed in the industrial group, although trading was in high volume. Several of the public utilities traded 1 to 1 1/2 points on odd lot sales. Curb trading, being the first indication in reflection of official action in the curb.

Following are the closing quotations on the New York Curb market. (Copyright, 1924, Public Ledger)

NEW ISSUE  
A California Public Utility  
\$350,000

Venice Consumers Water Company

First Mortgage 6 1/2% Sinking Fund Gold Bonds  
SERIES "A"

Dated April 1, 1924. Due April 1, 1944.

Redeemable on any interest date at 105% and accrued interest. Principal and semi-annual interest payable April 1 and October 1, at the office of the Bank of Italy, San Francisco, or thru any of its branches in California. Coupon bonds in denominations of \$1000 and \$5000 negotiable as to principal only. Interest payable without deduction for Normal Federal Income Tax not exceeding 2%.

**BANK OF ITALY, Trustee**  
ISSUANCE AUTHORIZED BY THE CALIFORNIA STATE RAILROAD COMMISSION  
Exempt From the Personal Property Tax in California

Application has been made to the Superintendent of Banks to certify these bonds as a legal investment for California Saving Banks.

**COMPANY**—Venice Consumers Water Company was organized in 1923 to acquire and combine the properties and rights of three existing public utility water companies and, with its predecessor companies, has been engaged in the distribution of water for commercial, domestic and irrigation purposes during the past twenty-six years.

**TERRITORY**—The territory served by the Company includes the entire area within the city limits of Venice. In addition to being one of the most famous of the Southern California beach resorts, the stability and permanence of this community is reflected by the ever increasing number of people who are making Venice their permanent home.

**SECURITY**—This issue of First Mortgage Sinking Fund 6 1/2% Bonds, Series "A," is secured by an absolute first mortgage covering all of the franchises, real and personal property now owned or hereafter acquired by the Venice Consumers Water Company. The bonded indebtedness of the Company at the conclusion of this financing will be approximately 43% of the present total value of the properties.

**EARNINGS**—Earnings of the combined companies for the past three calendar years have been well in excess of interest requirements of the present issue, and for the calendar year ending December 31, 1923, net earnings before depreciation were in excess of twice such requirements.

**SINKING FUND**—A sinking fund of 2% of the total bonded debt outstanding will be paid by the Company to the Trustee beginning April 1, 1926, and annually thereafter. All moneys paid into the sinking fund shall be applied to the purchase of Series "A" bonds in the open market at not to exceed the redemption price.

This issue of bonds constitutes the only funded debt of the Venice Consumers Water Company and the Company has no other

Vol. XLIII. PICTURE GROUP TO BUILD HOTEL

Hollywood Structure Will Cost \$1,500,000

New Yorker and Fairbanks Form Association Unique Features Planned in Spanish Building

Within a short time Hollywood will boast another luxurious hotel costing in excess of \$1,500,000.

According to Frank Case, manager of the Algonquin Hotel of New York City for the last twenty years, he has associated himself with Mary Pickford and Douglas Fairbanks in the erection of a hotel on the corner of Hollywood Boulevard and La Brea street to appeal to the tourist, traveler and members of the motion-picture colony.

BIDS ASKED FOR RINDGE LAND ROAD

Commission Action May Be Final to Long Fight on Highway to Canyon

Advertising for bids for the construction of the coast highway link across the Rindge estate from the western boundary of the county to the Las Flores Canyon was ordered yesterday by the State Highway Commission.

Ford Convicted of Aiding Conspiracy to Violate Prohibition Act

"One Ford automobile" was placed on trial in Judge Collier's department of the Superior Court yesterday and was found guilty of aiding in a conspiracy to violate the Wright Prohibition Enforcement Act.

The court ordered the machine sold at public auction, the proceeds to settle a claim on sale by the Pacific Finance Corporation and the excess, if any, to go to the county.

PROSPECTS ARE BRIGHT, LASKY SAYS

Curtainment Rumors Are Groundless, He Declares; Sees Record Season

All rumors of curtainment in the production of motion pictures in Hollywood are groundless, declared James L. Lasky, first vice-president in charge of production of Famous Players-Lasky, on his return yesterday from the Paramount sales convention in San Francisco.

Accused Bandit Aids Win First Round in Court

Four men, arrested in the East on conspiracy charges in connection with the \$1,000,000 mail robbery in Los Angeles by the Herb Wilson gang, won in a Boston court yesterday their initial efforts to prevent extradition to Los Angeles when their hearing was continued until the 14th inst. to permit the government to amend its complaint against them.

WORKMAN'S VIEW

WORKMAN'S VIEW

FIGHT POLICE AT MYSTERY HOUSE

Mrs. Gebauer and Nephew Battle Officers

Girard Garrison Questioned About Deaths

New Charge of Cruelty is Filed in Case

Determined resistance that developed into a physical encounter yesterday met the efforts of detective assistants in dragging Mrs. Ida M. Gebauer, charged with assault and battery against an aged inmate, unable to get any conclusive information from Mrs. Gebauer, Detective Lieutenant Phaffer and Taylor, detailed to the case, decided to take her nephew, Girard Garrison, to the Lincoln Heights Station for questioning, away from the influence of Mrs. Gebauer.

GROUND IS DUG UP

QUESTIONED ABOUT DEATHS

WHILE THE DETECTIVES QUESTIONED the woman and her nephew, new charges of cruelty, followed by the death of an aged person, were filed at the Lincoln Heights Police Station.

Police investigation yesterday centered about the reported deaths of several inmates of the institution within the last few months. Acting on information that Mrs. Gebauer buried the major part of garbage from the home in the grounds surrounding the place, 2333 Elm street, and impelled by numerous stories of mysterious happenings about the home told by neighbors, the detectives took shovels and other implements and dug into recently disturbed plots, but found nothing.

Police yesterday sought the relatives to gain a more complete account of the case.

WHILE THESE CIRCUMSTANCES were being reviewed by the authorities, Detective Lieutenant Taylor was informed by the Police Department that Mrs. Lily Keyes, asserted by her son to have been beaten and killed, had died, both she and Garrison denied that they knew who the man's relatives were.

Mrs. Gebauer was arraigned on two charges Tuesday and released. Police Judge Pope yesterday raised the total amount of the bail from \$1000 to \$2000. At the time she was arraigned, the case was set for June 2, at 10 a.m. in Police Judge Frederickson's court.

INTERNATIONAL SECRETARY LENS OF THE Y.M.C.A. will talk on the Chinese regulation at a foreign-workman union at the Hotel at noon today. Dr. Graham Taylor also will speak.

THE GREATER LOS ANGELES ASSOCIATION is forming a financing corporation to promote industrial activity in the city and surrounding territory.

President H. H. Merrick, and to afford employment to stabilize this section of the State.

The Greater Los Angeles Association is formed for the purpose of promoting and establishing the Finance Corporation. The funds of the association are to be devoted to paying the necessary organization expenses of the Finance Corporation, and when the Finance Corporation is fully established then the Greater Los Angeles Association will be dissolved, as there will be no further need for it.

ALL SHOULD JOIN

THE GREATER LOS ANGELES ASSOCIATION is to be composed of members who will pay \$25 a year each, and everybody interested in the welfare of Southern California ought to join and pay the membership fee.

My idea of the Finance Corporation is that the corporation should be formed to aid in promoting and establishing industries in the city of Los Angeles and surrounding territory.

There is an obvious need in Los Angeles of a financial corporation to aid in promoting and establishing industries in the city of Los Angeles and surrounding territory.

There is an obvious need in Los Angeles of a financial corporation to aid in promoting and establishing industries in the city of Los Angeles and surrounding territory.

There is an obvious need in Los Angeles of a financial corporation to aid in promoting and establishing industries in the city of Los Angeles and surrounding territory.

## GIRL TELLS OF ATTACK, FIGHT

Says Night Party Ended in Attempted Assault

Body and Face Bruised and Clothing Torn Off

Screams Bring Aid; Man in Case Being Sought

(Special to Times Staff)  
Her face and shoulders disfigured by ugly bruises, Joan Anderson, pretty 14-year-old nurse and former chorus girl, yesterday told police how she fought off her assailant in an asserted attempted attack during an early-morning automobile ride.

The girl reluctantly named a wealthy Portland (Or.) bachelor as her assailant in her charges to the police. She appeared at Central station disheveled and hysterical early yesterday morning.

After being treated at Receiving Hospital, Miss Anderson was returned to her bed in her room at a downtown hotel. According to the girl's story, as related to the police, she had met the man she accuses three years ago in Portland while she was working on the stage of the Lorie Theater. The acquaintance was renewed here recently, she said, and he became a frequent caller.

**DRINKING CHARGED**  
On Tuesday evening, the girl told police, the man called and together they made the rounds of a number of cafes. He had been drinking with friends, she charged. Leaving a cafe the couple started for a ride in her sport's machine. He went, threatened her life if she resisted his advances, according to her story to the police. His threats were followed by "fat blows" rained on her face and body, the girl charged. During the fight he tore the girl's clothing from her shoulders and stripped her back of a string of expensive pearls, she told police. Batches of her bobbed hair also were torn out.

**SCREAMS FOR AID**  
After making several unsuccessful attempts to escape, Miss Anderson finally leaped from the machine in front of 2324 West Eighth street and ran on the front porch of the home of Mr. J. W. Widdell at that address. The girl's screams awoke the Waddells, who called Wilshire police. In the meantime the driver of the car, from which Miss Anderson was seen to leap, had been picked up by police, is held as evidence.

Miss Anderson reported that in addition to her pearls she lost a purse containing \$50 and a set of fox furs which she declared she left in the machine.

No arrest had been made last night.

## INDUSTRY PLAN TOLD IN DETAIL

(Continued from First Page)  
he formed at present with \$10,000,000 capital divided into shares of \$10 each, and as soon as \$5,000,000 is raised by subscription the corporation should begin to function. Eventually the capital stock of this corporation should be increased to \$20,000,000, but it should be made up of shares of \$10 each, \$10,000,000 available in good subscription.

This corporation should have a directorate of thirty-three men representing the business interests of the district, and these directors should select a competent president, who would devote his entire time to the affairs of the corporation, assisted by an executive committee of five members. I understand that a number of leading men in Los Angeles are willing to serve as directors provided the full list of thirty-three is made up to their satisfaction.

The object of this Finance Corporation would be to promote the establishment of industries, by investing in such securities as the industries had to offer which would be considered safe and sound. The investment of this corporation might either be in bonds or debentures or stocks. These securities would be held as an investment.

## WALKER'S, INC., ITS NAME NOW

Fifth-Street Store Gets O.K. of Court for Change; Paris Out of Firm

Presiding Judge York of Superior Court yesterday granted an order changing the name of the Paris-Walker Company, operators of the Fifth-street store, to Walker's, Inc. The order was issued at the request of the directors of the corporation who stated in their petition that W. A. Paris, for years one of the principal stockholders of the company, had disposed of his interests to associates of R. M. Walker, president of the firm.

The girl reluctantly named a wealthy Portland (Or.) bachelor as her assailant in her charges to the police. She appeared at Central station disheveled and hysterical early yesterday morning.

**EXPERTS NEEDED**  
The Finance Corporation should also have an expert department for the purpose of collecting statistics on industry and for analyzing industrial enterprises and keeping in close touch with the enterprises, aided by the corporation.

The corporation would endeavor to stimulate industries at a fair rate of interest and with the good of the community in view rather than profit to the corporation.

As a community enterprise the stockholders would not look for great profit, but the benefit to the community at large would be so substantial that everyone interested in the growth and prosperity of the city could afford to invest in this stock without the hope of great returns. The stock of this Finance Corporation should not be purchased except by those willing to incur the risk. It would not be a proper investment for trust funds or for widows or orphans, or people requiring a conservative investment, but as an investment probably affording a return of at least 1 per cent, and carefully managed it should be attractive to all who have a stake in this community and are willing to set aside a reasonable amount for the purpose of assuring its stability.

If we no reason why this enterprise cannot be successfully carried through, and I feel very sure that it will commend itself to the judgment of the community.

As soon as a sufficient number of members is obtained for the Greater Los Angeles Association the work of organizing and promoting the Finance Corporation will be begun at once. The articles of incorporation for the Finance Corporation and the prospectus are already prepared and ready for filing with the proper authorities.

(Signed)  
GEORGE I. COCHRAN

## BLAIRE PLANS PLEA OF GUILT

(Continued from First Page)  
It is being dropped, she probably will be used as a witness in the trial of McCarty if he is caught. Deputy Sheriff Stenland and Weir of the homicide squad at the Sheriff's office, meanwhile, have announced that the international search being carried on for the missing real estate man has narrowed to a city in this country where McCarty is believed to be heading.

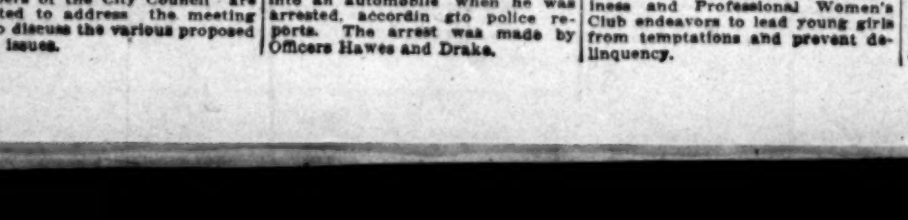

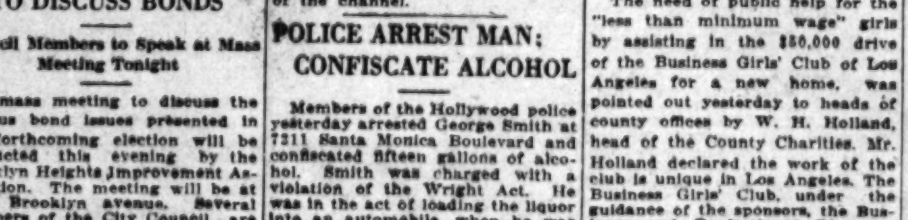

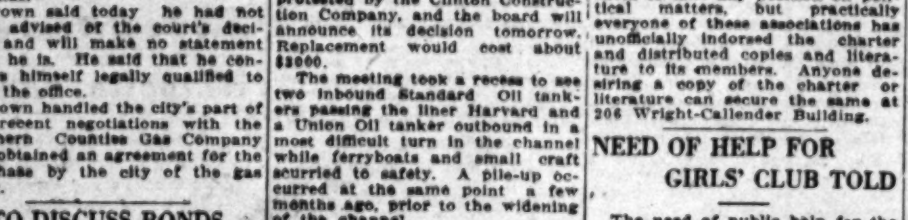

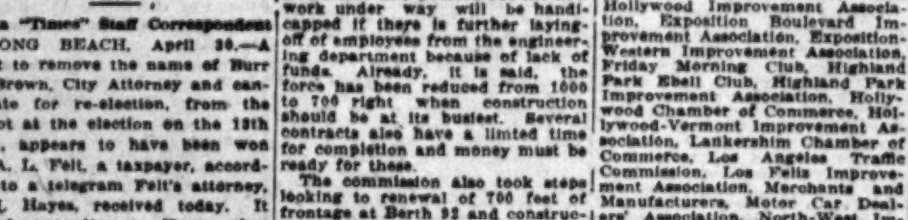

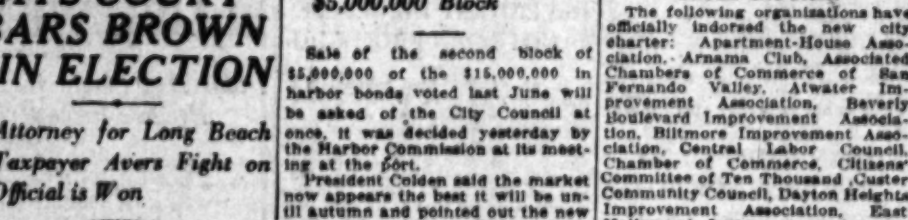

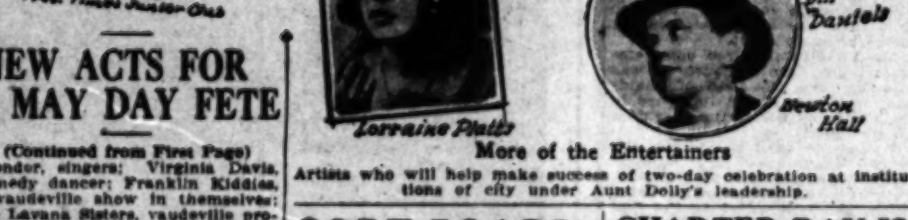

If he is captured, all the principals charged by Mrs. McCarty with being implicated in an attempt to frame her at a roadhouse, and the pretenses of aiding in the service of papers against her husband, but that she was struck to the floor by the former detective while a flashlight photograph was taken of her in a compromising position.

McCarty was present at the asserted attack, his wife charged, and administered a beating to her. A second beating with the butt of a revolver occurred on Wilshire Boulevard where she was forced by her husband to enter his car, according to Mrs. McCarty.

## BOYS TO BE ON PARADE TODAY

(Continued from First Page)

event with Boys' Day Out-of-Door on Saturday. The committee arranged with the University of Southern California to admit boys free at the A.A.U. meet in the Coliseum Saturday and that will be the main event of the day. Competitive games at the various city playgrounds during the day, with fathers participating during the evening, are planned. The father-and-son games will wind up the week's program.

During the parade, the Boy Scouts, who have been active in all events of the week's celebration, will police the reviewing stand and other points along the line of march. They have been helping prepare the playgrounds for Saturday's events and squads of them will be present when the games are played.

The parade will consist of the following sections: 1. Boys' Day Out-of-Door; 2. Boys' Day Out-of-Door; 3. Boys' Day Out-of-Door; 4. Boys' Day Out-of-Door; 5. Boys' Day Out-of-Door; 6. Boys' Day Out-of-Door; 7. Boys' Day Out-of-Door; 8. Boys' Day Out-of-Door; 9. Boys' Day Out-of-Door; 10. Boys' Day Out-of-Door; 11. Boys' Day Out-of-Door; 12. Boys' Day Out-of-Door; 13. ## Instantaneous or Storage System— both are RUUDS

ANY model water heater might give you good service at first. It is for consistent, permanent service that you need the advice of those experienced in building water heaters. Your particular need may be for an instantaneous model—or for a storage system. Find out before you install—then install RUUD. You know what you are getting from the past records and performance.

**RUUD**

"Standard  
of the  
World"

### Here's Foot Comfort for You!

From the outside Truwauks seem like other high-grade, stylish shoes. But inside lies the difference—concealed!

The difference is—comfort! At three points of weakness your foot is supported and strengthened. This makes for comfort. Because all the pain is removed, you enjoy walking in Truwauks.

No need now to cramp your feet into tight shoes, just to be stylish. You can be just as stylish in Truwauks—and comfortable, too.

## Safe Milk

for  
Infants and Invalids

**HORLICK'S**

The Original

**MALTED MILK**

The Food-Drink for All Ages

Rich milk, malted grain, in powder form. For infants, invalids and growing children. Pure nutrition, upbuilding the whole body. Invigorates nursing mothers and the aged.

Agrees with the weakest digestion. Keep it on your sideboard at home. A quick lunch prepared in a minute. Nourishing, digestible, no cooking.

Unless you say "Horlick's" you may get a Substitute.

## ONTARIO PLANS NEW RUM LAW

Sales Would be Controlled by  
Government

Sir George Perley, Visitor,  
Tells of System

Reforestation Move Here is  
Approved

Wary of bootlegging and other iniquities which they attribute to the bone-dry law, the people of the Province of Ontario, Can., are now considering the advisability of changing their present system of strict prohibition to one under which the government will control the sale of liquor, according to Sir George Perley of Ottawa.

Sir George, now at the Billmora, is the head of one of Canada's leading lumber companies. He played an important part in the war, acting as High Commissioner of Canada, with headquarters in London, during the period of hostilities. Later, he was the Canadian delegate at the League of Nations Assembly, and he is still a member of the League of Nations Union. He is here on a brief vacation.

**NEW PLAN CONSIDERED**  
"The difficulty of enforcing the bone-dry law has led our people to consider the institution of a system of handling liquor similar to that of Quebec and other Provinces of the Dominion where the government is the sole seller of alcoholic beverages," said Sir George. "It is probable that the question will be put to a vote soon. It seems that the method employed by Quebec has been more satisfactory than bone-dry prohibition. It has cut down various abuses and is yielding the government a good revenue."

The lumberman expressed himself as much interested in plans for reforestation in the United States, stating that this was a matter also demanding attention in Canada.

"No definite steps have been taken by the Canadian government, but the lumbering interests are agitating the matter and eventually laws will be enacted to preserve the timber," he said. "I was much impressed by methods employed in Europe to maintain their timber areas, and the time is coming when we will have to do the same thing in America."

**REGULATIONS IN FRANCE**  
"In France, for instance, strict rules govern the cutting of trees, with ample provision for protection of young growth and the re-seeding of areas from which timber is removed. We have enjoyed such a superfluity of resources on this side of the water that the idea of conservation is comparatively new. So far as timber is concerned our supply is being depleted rapidly in both the United States and Canada."

Speaking of general business conditions in Canada, Sir George stated that the Dominion had not enjoyed prosperity such as an extent as the United States in the past year.

"We have not had the money to carry on such an extensive building campaign as you have in this country," he said. "Canada was hard hit by the war, but is gradually getting back to a normal basis. Our sales tax, which was instituted more than a year ago to increase the government's revenue, has not worked out so well in practice as in theory, and a reduction in the rate was made a few weeks ago. I believe this will have a tendency to improve business conditions."

**'Baron' Garden and Valet Held in Jewel Theft**

George Van Garden, who professes to be a Swedish baron, and his valet, Dolander Dean, were arraigned before Justice Blake yesterday on a grand larceny charge and held under \$5000 bail each. Their hearing was set for next Wednesday.

The self-styled nobleman and his supposed valet are accused of the theft of \$2500 in jewelry from Mrs. M. C. Giesley of 6234 La Mirada street. The complaint against them was issued by Dep. Dist. Atty. Ey.

The two suspects were arraigned at San Francisco recently. They are asserted to have met Mrs. Giesley on a train and to have lured her to a room in a hotel in her home. A short time after moving in, it is charged, the asserted nobleman feigned illness and succeeded in drawing Mrs. Giesley into his room. His valet, it is charged, then went into her room and took all her jewelry.

## SHIPPERS URGE PORT FIRE BONDS

Passage of \$400,000 Issue  
Held Necessary for Proper  
Protection

Indorsements for the \$400,000 fire-boat bond issue for fire protection at the harbor are pouring in daily, according to Fire Chief Scott, who yesterday received letters and messages from all over the city assuring him that Los Angeles wants this bond issue carried. Chief among the indorsements was one from S. L. Kreider, one of the leading shippers of Los Angeles, and past president of the World Traders. Mr. Kreider stated: "Even a layman can see the vital necessity for passing the bond issue, No. 6 on the ballot, for fire protection at the harbor. Because of the enormous amount of lumber and oil that pass through our port, we are in greater danger of conflagration than are most harbors. These are the most combustible materials in the world. All Los Angeles knows the harbor is the key to its prosperity. Every man and woman here who has any kind of interest in Southern California has a proportionate interest in the harbor and its fire protection. Business would be paralyzed, the city industry would be thrown back for years if the harbor should be wiped out by fire. The importance of getting out a big vote for this bond issue cannot be too greatly emphasized."

Harry Mason, president of the Los Angeles Rotary Club, added his indorsement to the bond issue, and said: "It is the history of ports that they have to wait until they have lost millions of dollars through fires before they secure adequate fire-lighting equipment. It is the history of Los Angeles, however, that she avoids the mistakes of other cities and is always a step ahead in industrial efficiency. Therefore, there is no doubt that Los Angeles will cast a big vote in favor of this bond issue."

## PERMIT FOR STOCK SALE IS REFUSED

Corporation Department  
Denies Application from  
Palmdale Film Group

Palmdale Productions, the operations of which are being examined by the State Labor Department because of wage claims filed by Betty Compton, Niles Welsh and other film stars against the Oakland Film Corporation, which is said to have been taken over by Palmdale Productions, was denied a permit to issue and sell stock by the State Corporation Department yesterday. According to the department's department officials, two applications were made by the company in which varying programs were set forth as the reasons for needing the money.

In the first application, the department said, part of the stock was to be used in securing an option for a studio, while the amended application said the company desired to sell stock to produce a story with political background which would not need a studio.

On investigation the corporation department declared it found that two of the company's officials who were said to have had experience with other companies throughout the country were never employed by these companies. When this was brought to the attention of the department, it stated that the department had been told that the books were closed and the company had gone out of existence, according to the department.

The State Labor Department said yesterday the claims of Miss Compton, Niles Welsh, Stuart Patton and others are being investigated and a settlement sought.

## Albrextondare Is Rearrested on New Charge

R. H. W. Albrextondare, professional research scientist, awaiting trial on charges of practicing medicine without a license and defendant in three suits for the recovery of \$40,000 said to have been loaned to him, was rearrested yesterday at Pasadena on another charge of practicing without a license. The latest offense is asserted to have been committed in Pasadena.

Albrextondare was arraigned shortly after his arrest before Justice Morton and held under \$5000 bail. This was furnished a few hours later by a Los Angeles bonding company. His hearing on this latest charge was set by the court for the 15th inst. The suspect was at liberty on bail when arrested here. Alfred Carter, an inspector for the State Board of Medical Examiners, signed the complaint against him.

The troubles of the self-styled discoverer of a new rejuvenating process began with his arrest in Orange. A short time later Mrs. Jennie McFadden, wealthy widow of Pasadena, filed suit to collect from him \$20,000 she declares she loaned him. This was followed by another suit for the recovery of \$20,000 asserted to be due them on a promissory note and filed by Emil Goodman and Ruth Shaw.

## INSTRUCTOR ENGAGED

E. L. Palmer of Cornell to Teach  
in Summer School

E. Lawrence Palmer, instructor in rural education at Cornell University and a leader in welfare work among the youth of the nation, has enrolled as a member of the faculty at the summer session of the State university here this year from June until August. Mr. Palmer holds official positions with the national headquarters of the Boy Scouts, Girl Scouts and Campfire Girls. Included in the courses he will give here will be a survey of club work, scouting and the summer camp movement as developed among the youth of the land.

BURIAL OF R. A. SMITH TOMORROW

Pioneer Hotel Man Will Be Laid to Rest at Forest Lawn Cemetery

Final rites for Robert A. Smith, 71 years of age, a resident of Southern California for the past thirty years and one of the city's pioneer hotel men, will be conducted at 2 p.m. tomorrow from the Graham and Isbell mortuary at 915 West Washington street.

Mr. Smith was born in Nova Scotia but later moved to England and then to New Zealand. He came to California from New Zealand about thirty years ago and engaged in the hotel business.

Mr. Smith came of a family which has contributed both to England and the United States some of her most capable military and naval men. His father, who is still alive, was a general in the British army.

Mr. Smith was a member of the White Star Line and Commander Harry Smith of London, who distinguished himself during the World War, also survived him. Mr. Smith also leaves a widow, a daughter and two sons.

CULT MEN  
ENJOINED  
BY COURT

Order Restrains Them  
Both from Claiming and  
Selling Adams Property

Through a decision made yesterday by Judge C. J. Lattrell, Ralph M. De Bit, his wife, Ione Ingles De Bit, Rabbi William Rice and the School of Sacred Science were enjoined from making any claim to, or disposing of, a valuable apartment-site property on Vermont avenue, asserted to have been turned over to the school and its officers by Mrs. Emma E. Adams, a widow.

Mrs. Adams, an asserted incompetent person, also was granted a decree giving her title to the property. The decision brought to an end an action in equity brought by Lydia M. Kliney as guardian of Mrs. Adams. In the complaint, Mrs. Adams was asserted to have been induced through undue influence to dispose herself of her property in favor of the defendants, who were declared to have told her that she could attain perfect happiness only by getting rid of her property. Mrs. Adams was held to have been the victim of a hypnotic influence exerted over her by the defendants. The judgment was taken by default, none of the defendants appearing in court to contest Mrs. Adams' claims.

The De Bits, Rabbi Rice and Prof. H. La V. Twining, trustees of the school, are scheduled to be arraigned today before Judge Ketchum on a criminal indictment charging them with the violation of the Corporate Securities Act. The true bill specifically accuses the defendants of selling "units" in the school to Mrs. Adams without first having procured a permit from the State Corporation Commissioner. The District Attorney's office indicated yesterday that that case against Prof. Twining, a teacher at Polytechnic High School, will be dismissed today as he was said to have been the innocent victim of circumstances in the asserted stock sale.

Salvation Army  
Staff Gets New  
Aide for Drive

Bert Butterworth, former president of the Ad Club, has joined the volunteer staff organized by Charles F. Hutson, chairman of the Salvation Army campaign committee, now making plans at 609-12 Broadway Avenue Building for the drive to be made the week of the 14th inst.

Mr. Butterworth will be chairman of the speakers' bureau, and will arrange for short talks throughout the city on the value of the Salvation Army to the community.

The budget total is \$177,000, of which it is proposed to provide \$150,000 during the campaign. Budget items include \$15,000 for the milk fund; \$25,000 for family relief; \$25,000 for new day nurseries at Eighth street and Towne avenue; \$25,000 for addition to men's industrial home on Weller street; \$25,000 for maintenance of eight corps in the city of Los Angeles; \$4000 for the fresh-air camp; \$5000 for Christmas dinner; \$5000 for the rescue home for women; \$4000 for day nurseries; \$5000 for the Lytton boys and girls home; \$5000 for officers' training college.

**BADLY INJURED IN FALL**  
George Hanson, a painter, employed on a building at Vermont avenue and Sunset Boulevard, is in a serious condition at the hospital of Harry & Dickie, 8506 Hollywood Boulevard, as a result of injuries sustained Tuesday afternoon when he fell from a scaffold. Hanson suffered a fractured skull and did not regain consciousness until yesterday.

## PORT HAS BANNER MONTH

Deep-Water Vessels to Total of 475 Bring Net Tonnage for April to 1,232,986

The port closed its books last night on the banner month of the year, handling 475 deep-water vessels inbound with a total net tonnage of 1,232,986 tons.

Of these eighty-four were in foreign trade, 113 intercoastal, 272 coastwise and six noncontiguous coastwise carriers. There were 420 American ships, while under foreign flags the British led with twenty-four arrivals, Japan being second with ten vessels. Others under foreign colors in port during April were as follows: Mexico, eight; Norway, four; Danish, three; Germany, two, and France, Denmark and Sweden, one each.

Petroleum exports, most going to the Atlantic Coast, totaled 298,500 barrels carried in 111 tankers.

## SALVAGED MEN PAY TRIBUTE

Unfortunates Mrs. Smith Had Befriended Wear Flowers at Last Rites for Mission Worker

The unfortunates of Main street gathered in the Midnight Mission yesterday to attend the funeral services of Mrs. Emma Smith, for more than twenty years assistant to "Brother" from Los Angeles. Smith's body had lain in state all afternoon while hundreds of the "boys" sorrowfully filed by for a last look at the face of their benefactor.

Mrs. Smith, who was 55 years of age, died Monday night of a heart trouble.

As a last mark of respect the congregation lined up along the sidewalk, holding hands and with bowed heads, while the coffin was carried to the hearse. As the procession started on its journey to the Hollywood Cemetery, the great bells of the near-by cathedral tolled a deep requiem.

## M'ADOO HITS MONEY MEN

Advocates Law Against Contributions to Campaign; Urges League Referendum

William Gibbs McAdoo, in a speech at the City Club yesterday noon, advocated legislation forbidding private contributions to Presidential campaign funds and permitting campaign financing from the treasury of the nation. He also urged on his proposal for a referendum, non-partisan vote on the League of Nations principle, which he had suggested in a previous speech at Chicago.

Mr. McAdoo said that as Secretary of the Treasury and as active in Woodrow Wilson's campaign he had been struck by the difficulty of financing political campaigns under the Democratic system because "almost invariably men of wealth make subscriptions and expect something for it."

**APPEALS TO ALL**  
"The power of big money is indisputable," he said, adding that he was appealing to men of all parties. "We have reached a point," he declared, "where we haven't got a genuine democracy but a plutocracy—controlled through the influence of wealth with the forms of democracy. This acceptance of funds from interests with sinister motives applies to all parties; there are interests that contribute to both parties. I have no respect for the man or corporation or group that contributes to both parties—it is an evidence of sinister motives."

Mr. McAdoo said this condition had been depicted by Mr. Bryan and Mr. Borah. The speaker praised Mr. Borah as "one of our outstanding public men."

**URGES REFERENDUM**  
In enlarging on his suggestion for a national, non-political referendum on the principle of the

## HOSPITALS TO CELEBRATE

Prepare for Observance of 12th Inst. in Memory of Birthday of Florence Nightingale

With the coming of May, hospitals all over the city are making preparations for Hospital Day on the 12th inst. to commemorate the birthday of Florence Nightingale.

Yesterday out at the Orthopedic Hospital School, 2422 Palm Drive, the children were taught the story of Florence Nightingale. Some read about her as they rested in their beds, helpless in plaster casts, while others more fortunate stopped in the midst of their play on the lawn to hear the story. Miss Nellie Wilson, head nurse of the school, went about from ward to ward letting the children

ABSENCE OF  
HAHN HALTS  
DEATH TRIAL

Judge Continues Brannon Murder Case and Bars Wife's Testimony

The absence of S. B. Hahn, defense attorney, caused Judge Hardy of Superior Court to continue the case against Barney Brannon, accused murderer, until today. The case was to have gone to the jury yesterday.

Dept. Dist. Atty. Jordan closed the prosecution by placing Mrs. Helen McGrath on the stand and questioning her briefly in regard to the murder of Mrs. Dan Cronin, the defendant's sister-in-law, whom he is asserted to have slain. The defense contented itself with introducing evidence to show that Brannon had been invited to visit Mrs. Cronin's home by his wife, Helen Brannon, on the day of the murder. Immediately this point was established the defense rested. In rebuttal, Prosecutor Jordan attempted to have Mrs. Brannon sworn as a witness, but she was not allowed by the court to testify because of the law prohibiting a wife from testifying against her husband in such cases.

Mrs. Brannon was the only eyewitness of the asserted murder and it was in an effort to make it possible for her to testify that the prosecution arranged to have Brannon first tried for alleged assault with intent to murder her. Brannon was acquitted of this charge.

Salary of Star  
Is Disclosed at  
Calnay Hearing

Halsey Tower, as leading man in the High Life Comedies filmed in 1922 by James Calnay, received \$100 a week, evidence introduced yesterday in Federal Judge Blewett's court disclosed. Calnay is on trial charged with using mails to defraud. The government charges he prevailed on investors to provide money needed for production of the pictures on a false representation that the Capitol Film Company of Chicago had contracted to buy the comedies at \$1500 each.

According to Hugh Dickson and the Duke Stone, counsel for Calnay, the defense evidence will show that Calnay did not profit from his motion-picture ventures, and that he did not claim to have a contract with the Capitol Film Company. Eugene McCann, assistant United States Attorney who is prosecuting the case, introduced evidence yesterday for the purpose of showing that Calnay had induced several persons to invest \$1000 each in pictures which he is asserted to have said would be sold as soon as completed according to terms of a contract with the Capitol Film Company.

Witnesses with Calnay, who testified for the government, were S. J. Kerkes, 227 South Broadway; Dr. W. L. Corbis, 1244 West Beech street; H. L. Kennedy, 1811 South Flower street; Douglas R. Bruce, 1401 West Ninth street, and R. N. Murchison of the city electrical department, City Hall.

## "MILK FACTS"

## Statement Number One

This is the first of a series of statements to be published from time to time by the Crescent Creamery Company regarding the economy and necessity of milk as a food. These statements will be of vital interest to everyone. They should be read carefully.

Housewives Should Know These Facts  
About Our Present Milk Supply

Officials of the United States Department of Agriculture, who have had many years of experience in studying the foot and mouth disease in foreign countries where it is prevalent, state that during the outbreak which occurred in the United States in 1914, lasting about two years, and which was much more wide-spread than any previous ones, there was no authentic instance in which any person contracted the disease.

Millions of Bottles of Milk Consumed  
in California

Since the outbreak of the foot and mouth trouble in California, the public has consumed millions of bottles of milk without a single human infection. This fact alone should inspire complete confidence in milk.

## • Sanitariums—Hospitals—Institutions

Milk is a real necessity of life. It is essential to the health of babies—growing children—grown-ups and invalids. Our schools—hospitals—nurseries—sanitariums and institutions are aware of this vital truth and are consuming just as much milk as heretofore.

Our Health Departments and State and Federal Officials are agreed that there is no danger of human infection from the present milk supply.

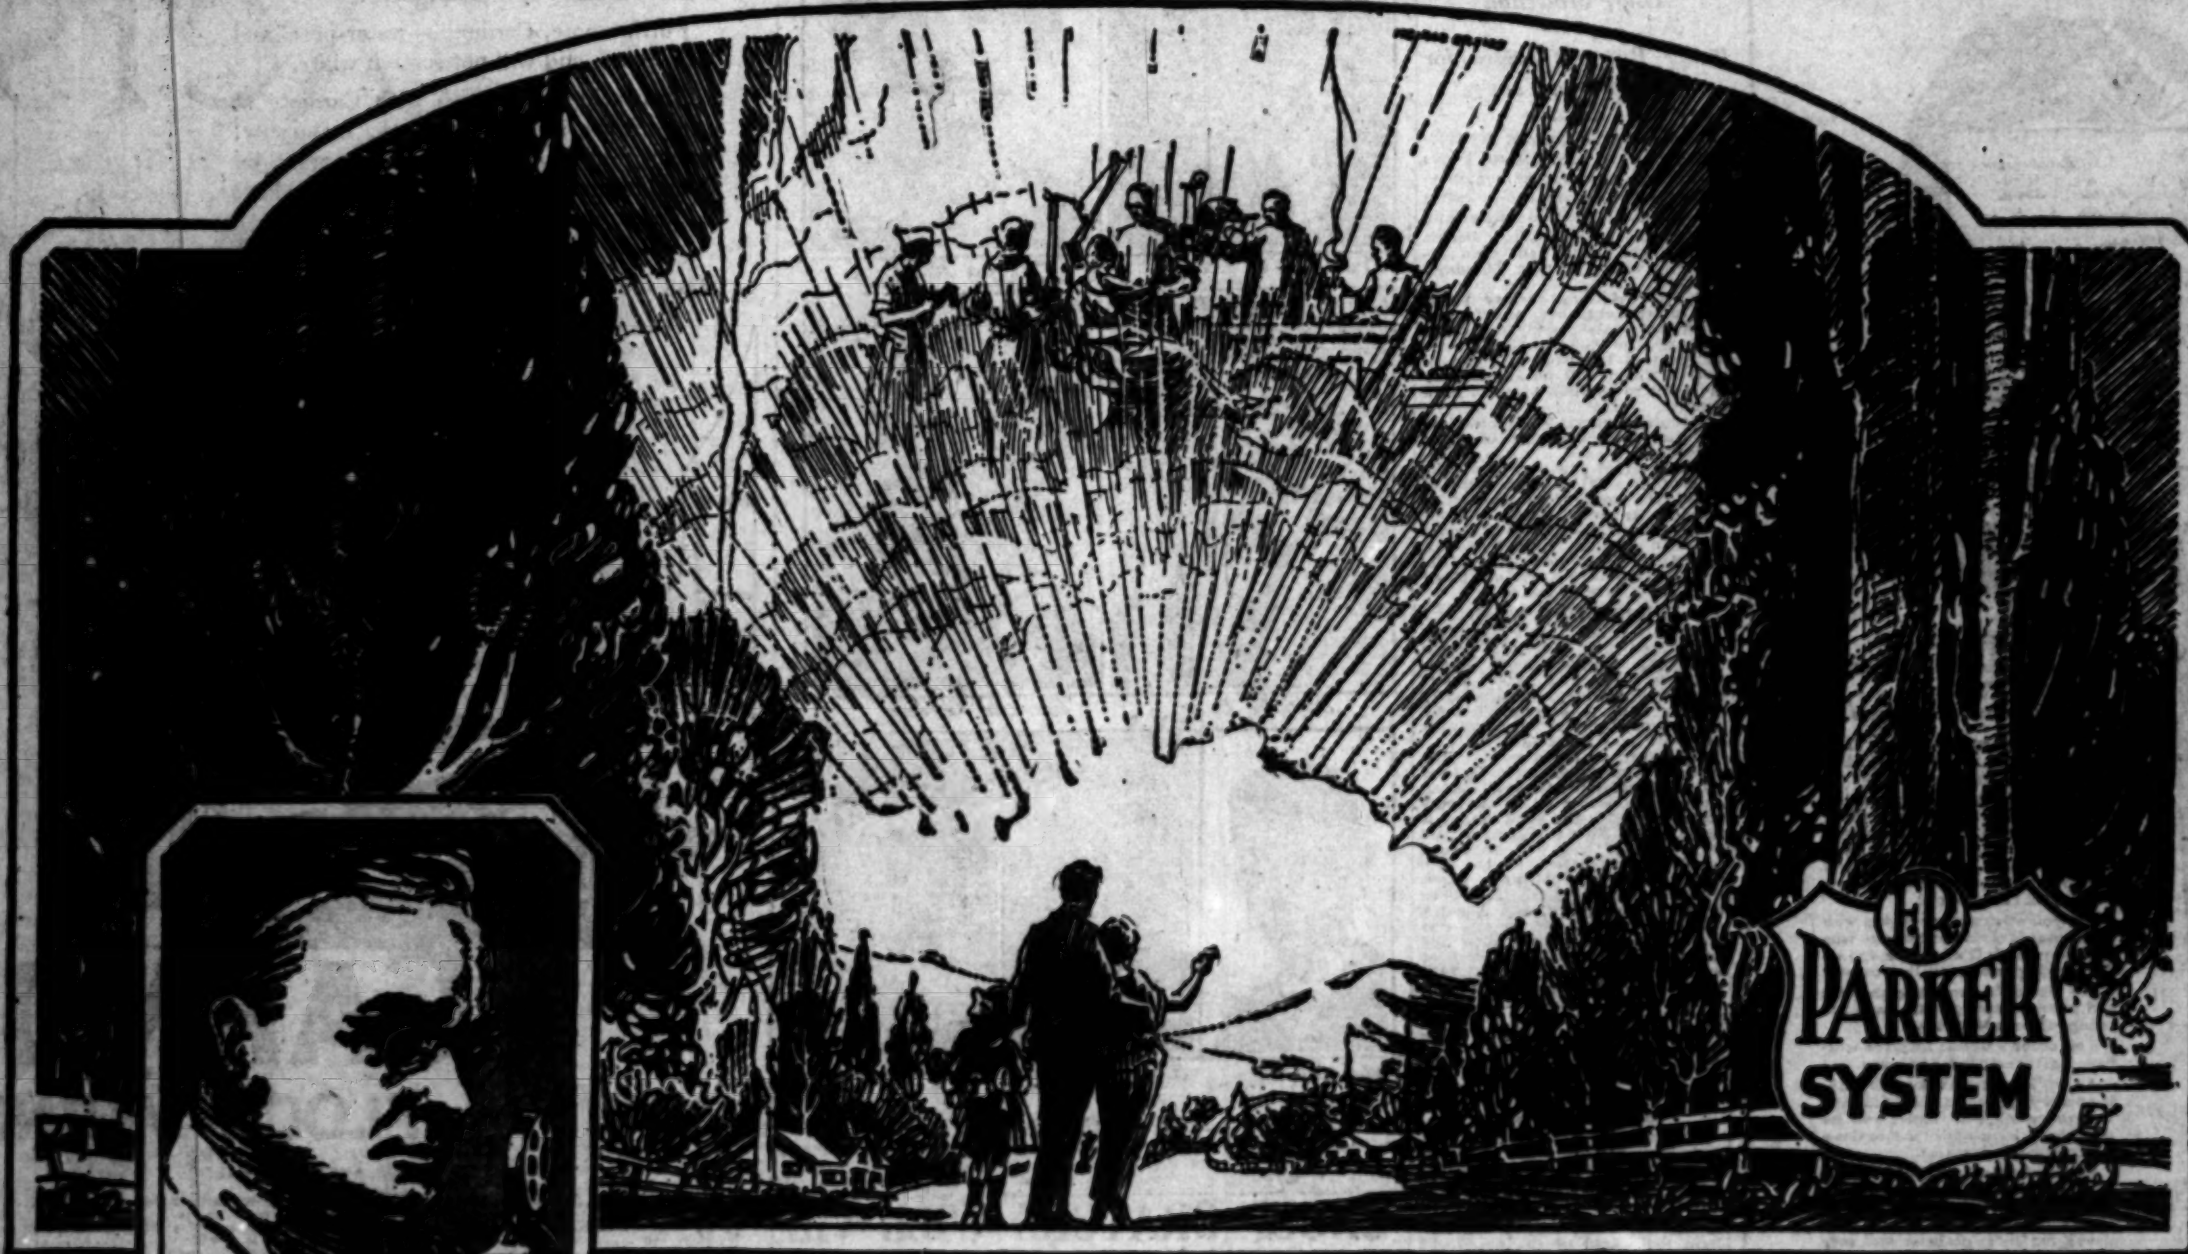

Neither misinformation nor prejudice should occasion the denial of milk for family use.

We believe that our customers are entitled to know the facts, hence this public statement.

(Signed)

Crescent Creamery Company

## How A Great Institution Brings Modern Dental Service Within the Reach of All.

**T**O the science of dentistry the E. R. Parker System has contributed a principal of practice that is as progressive as the Radio. Like the Radio too, this great system represents a step in behalf of human welfare. It is an institution which by the adoption of modern business methods and economies renders the highest type of dental service at a price every one can afford to pay.

Today in twenty-six cities throughout the West, the Parker shield identifies offices where skilled dentists and nurses, using this system, minister to the dental needs of over 150,000 patients yearly. Here operating in immaculate surroundings they employ the latest scientific developments toward providing thorough, painless dentistry at the lowest cost consistent with first class workmanship.

*This service is rendered in Los Angeles by two groups of registered dentists and qualified nurses using the*

**FLASHES**  
**GILBERT SIGNS**  
WILL PLAY FOR METRO-GOLD-  
WYN-MAYER ORGANIZATION  
By Grace Kingsley  
Despite his resolution to sign no more contracts, taken when he completed his Fox contract, John Gilbert apparently just could not resist the lure of a nice fat salary held out to him in consideration of his affixing his John Henry to a contract with the Metro-Goldwyn-Mayer company, and therefore the dashing Jack is once more a slave to art.  
Louis B. Mayer announced yesterday that Gilbert has signed a long-term contract with the above mentioned firm, and that he is the first actor to sign with the company.  
The new contract will bring Gilbert back to the studio in which he did his first picture work, When the Culver City studios were the scene of Thomas H. Ince's activities, Gilbert first stepped from stage work to acting before a camera. He has been on the stage practically all his life, as his parents were theatrical people. Since that time Gilbert has starred in a number of Fox pictures, including "The Count of Monte Cristo," "Cameo Kirby," and others, besides playing leads with Mary Pickford and other stars in various pictures. Gilbert is considered one of the most popular romantic actors of the screen. Commenting on his signing of the present contract, Gilbert said yesterday:  
"I consider my present engagement a very excellent one. I had hoped to free lance in order that my wife, Leatrice Joy, and myself might have time to travel, but she signed a new contract, and that delays our travel days for a while. But we surely mean to go to Europe at the first opportunity."  
**Pen Mightier Than Megaphone**  
The pen is mightier than the megaphone, according to Gene Wright, who ought to know, as he has wielded both. Wright was formerly a director. But he sold his megaphone about three years ago and bought a typewriter. Since that time he has been laboring on two novels.  
Lupinotti accepted them, and the first one, called "Pandora la Croix," went into the bookstores yesterday. Already the picture rights have been sold to First National.  
**Benda Opens Studio**  
St. Rita Benda, noted artist, is celebrating the opening of his new studio at Sixth and Western to-night with a party at which several noted screen stars, including Pola Negri and Alla Nazimova will be present.  
**Marie Prevost Busy**  
Marie Prevost should be all puffed up today, for they had quite a quarrel over her services out at the Warner Brothers studio yesterday. However, Brast Lubitsch won out, and though Mr. Jack Warner tried to persuade Mr. Lubitsch that Miss Prevost already had her hands full playing a leading part in "Being Respectable," Mr. Lubitsch insisted that nobody else could play the role of Harriet in his new picture. So Marie sweetly signed, and expects to be the busiest girl in filmland during the next few weeks.  
Following her portrayals in these two pictures, Miss Prevost will be featured in a big Warner Brothers production.  
**Hamon's Daughter on Stage**  
Now it is Olive Belle Hamon, daughter of the slain Jake Hamon of Oklahoma, who is planning to go on the stage. She acknowledges that her ambition is to be a Ziegfeld Follies girl.  
Miss Hamon is said to be a beauty. She is 18 years old, was deeply devoted to her father, and her friends say that she is sincere in her desire to clear her father's name of calumny in connection with the Teapot Dome inquiry.  
**Lucy Fox Engaged—Twice**  
Lucy Fox is engaged two deep. She is engaged to play leads in Elmer Harris productions to be made in the West, and she is likewise engaged to be married. She will wed Jules Forman, a silk merchant of New York, in October, and plans to retire from the screen.

**NEW PICTURE OPENS**  
"Broadway After Dark" Now  
Showing at Rialto Theater  
"Broadway After Dark" will be given its premiere today at Grauman's Rialto Theater.  
The cast of this picture includes Adolphe Menjou, Anna Q. Nilsson, Carmel Myers, Norma Shearer, Edna Purviance and Willard Lewis, playing the principal roles and showing glimpses of such stage celebrities as Fred Stone, Elaine Ferguson, Raymond Hitchcock, Irene Castle, Ann Pennington and many others during a short sequence.  
The cast and director, Monte Bell, and many other stars will attend the evening performance, as well as the "Montmartre" party, who will come to the Rialto following a dinner at the Montmartre Cafe in Hollywood in honor of the photoplay, "Montmartre," now showing at the Metropolitan, with Pola Negri as the star. These guests will include Miss Negri, Mr. and Mrs. Charles Epton, Mr. and Mrs. Ernest Lubitsch, Mr. and Mrs. Cecil De Mille, Rod LaRoque, Mr. and Mrs. Jesse L. Lasky, Mr. and Mrs. Antonio Moreno, Julia Faye, Jeanne Macpherson, Lois Wilson, Pauline Frederick, William Farnum, Adolphe Zukor, R. R. Kent, Sid Grauman, Emil Shaefer, Harold B. Franklin, Herman Webber, Albert A. Kaufman and other famous amount officials who are in the city for their annual visit.  
**DEDICATES PLAYHOUSE**  
At the behest of Doris Keane, whom Will Rogers admires second only to his wife, the comedian has consented to be master of ceremonies when the Playhouse opens with "Romance," Monday night. Not only will Rogers address the first-nighters in his usual vein, but he even wishes it known that he will make the dedicatory speech. It is rumored that Rogers will try to outdo the beauty of the new Playhouse by wearing evening clothes for the festive occasion.

## Let Poslam Drive Itching Eczema Away

Poslam is CONCENTRATED relief for skin troubles. Itching, smarting, burning simply can't resist it. Spread a little on the irritated parts and you no longer have to scratch and dig—your itchy skin gets a CHANCE to heal. And with Poslam on the job, this healing is rapid, steady, easy. At all druggists, 50c.—(Advertisement)

## CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.—(Advertisement)

## ADMITS LEADING BURGLARY GANG

Jack Black Captured, Tells of Many Robberies

Has Enough Dynamite to Wreck City Block

Head of Skylight Bandits; Pal, Women Held

Captured yesterday in a hotel room in possession of enough nitroglycerin to blow up a city block, burglar tools and a large quantity of jewelry, Jack Black, alias "Blackie," is declared by the police to have confessed that he was the leader of a gang of skylight burglars who committed half a dozen robberies within the past two months.

Black's alleged partner in several of the burglaries, Homer Frame, was taken last night and is held at the City Jail. Also under arrest are three women said to be accomplices of the gang. The women gave their names as Helen Kimsey, 31 years of age; Nita Shaver, 21, and Florence Morgan, 25.

The arrests and investigation were made by Sgt. Norris and Officers Kelms, Woolman, Pruett and Kopyke of the police reserves.

### CAPTURED ACCIDENTAL

Black's capture was accidental, according to police.

A burning light and whispered conversation in Black's room at 327 1/2 South Spring street on last Sunday morning aroused the suspicion of a passer-by when he reached the burglary of the Tarter Jewelry Store, 841 South Spring street, a few doors distant. He told the police and they investigated.

The police hid in the alley under the room. The same light was burning. They entered and placed Black under arrest.

Until Black confessed late yesterday the police said they had connected him definitely with only the Tarter Jewelry Store robbery.

### LIST OF BURGLARIES

The burglaries said to have been committed in Black's statement yesterday follow:

March 1, dry goods store near North Main street and Sunset Boulevard, \$250 from safe; the 1st inst. California Clothing Company, 124 North Main street, 160; the 2nd inst. H. F. Myers Corporation, 1212 South Los Angeles street, nothing; the 7th inst. Emmitt and Shippe Auto Loan Company, 1225 South Main street, \$100; the 15th inst. George H. Marcher, 934 Santa Fe street, \$70 in cash and jewelry valued at \$1000. In the last named Black is declared to have said the jewelry turned out to be of little value and was thrown away.

A number of burglaries of a similar type are expected to be connected with the gang, according to the police.

## FLEET'S SCHEDULE REVISED

Battleship Division Four Will Remain at Base at Local Harbor Until June 30

Revised schedule of employment for the United States Battle Fleet will keep Battleship Division Four at this base until June 30, it was announced yesterday by Vice-Admiral Henry A. Wiley, commanding the battleship divisions. Other units of the fleet that are in port on that date will depart on their annual summer cruise in Puget Sound on June 25.

Secret experimental practice, to be held during the week ending June 29, will keep the Fourth Division at Los Angeles Harbor until that date, said Admiral Wiley. These ships, the dreadnaughts Idaho, Mississippi and Arizona, will remain at the base at San Francisco.

### FLAGSHIP TO SAIL

The U.S.S. New Mexico, Admiral Wiley's flagship, will sail for the Puget Sound Navy Yard, on June 21 to be regunned and for the installation of new five coil and operating machinery and replacement. The U.S.S. Arizona will leave here on the 21st inst., also for a four-month overhaul period at Puget Sound, while on the 22nd the U.S.S. Oklahoma, now completing annual overhaul at that yard, will join the fleet at Los Angeles Harbor in time to participate in long-range battle practice.

The dreadnaught force will begin work on the final half of its gunnery year on the 4th inst. Next week will be given over to practice runs for long-range battle practice and antiaircraft practice.

### REHEARSALS SCHEDULED

Official rehearsals for those two important practices will be held during the week of 11th to 17th inst. Actual firing will be carried out during the week of 18th to 24th inst.

Practice runs and rehearsals for force practice, in which the entire Battle Fleet will be engaged, will be held during the week of 25th to 31st inst. The second week in June, Battleships, destroyers, aircraft, submarines and auxiliaries, will participate on June 11, firing turret guns, five-inch and antiaircraft batteries and launching torpedoes and gas attacks.

### ASSERTED VICTIM OF BORCHERS TESTIFIES

Trial of W. C. Borchers, former real-estate broker, on charges of grand larceny and embezzlement, was continued yesterday before Judge Hahn and will go on today. Mrs. Sarah M. Borchers, asserted victim of Borchers, was on the stand all day, as she was Tuesday. Dep. Dist. Atty. Ryan is prosecuting.

### MINNESOTANS TO MEET

Minnesotans have obtained the services of the Golden Trio for their monthly meeting tomorrow evening in Music-Arts Hall, 23 South Broadway. All the former residents of the North Star State except those from Minneapolis are invited. A separate rally will be held next Wednesday for former Minneapolis people.

## McGREGOR TO BE SET AT LIBERTY

However, He is Expected to be Rearrested; Involved in Kettle Case

David McGregor, jointly indicted with the late Hubert Kittle on charges of criminally robbing proceeds of the Arcadia bank robbery, will go free today so far as Los Angeles county is concerned, but is expected to be rearrested on a San Diego charge.

Five witnesses testified yesterday at McGregor's trial in Judge Reeve's court and succeeded in establishing that the crime, if there was one, was committed in San Diego and that the courts of Los Angeles have no jurisdiction over it. Dep. Dist. Atty. Burke moved a continuance until today, when he said, he would ask that McGregor be held for a charge to be pending against him there.

### Former Harbor Official Dies in Lantern Blast

George Turner, 62 years of age, familiar character for a score of years along the port water front, burned to death at daylight yesterday when a kerosene lantern which he was carrying exploded and covered his body with flaming oil. Turner's three-room cottage, in which the tragedy occurred, was situated on the corner of 11th and Broadway streets. His next-door neighbor, Mark Hilbert, living at Thirty-fourth street and Bluff Place, got his sleeping family to safety before his own home was partially burned by the flames from the explosion. Turner's lifeless body was rescued from the flames by Policeman Herbert Wade, called to the scene by Hilbert.

Turner, who was formerly a Southern Pacific official at the harbor, is survived by no known relatives. The 10 rooms were taken to the Goodrich undertaking parlors, pending a coroner's inquest.

### Points to Loss in Values With Cemetery Near

Residents in the vicinity of Chatsworth of the San Fernando Valley are 90 per cent opposed to the location of a cemetery near them, according to a statement yesterday to the Public Welfare Committee of the City Council by Alan Nichols, representing 150 citizens. H. A. Gray, president of the Chatsworth Chamber of Commerce, and others.

Charles H. Cheney, city planning expert, said the presence of a cemetery community near them, in the opinion of the committee, would depreciate property by 10 to 20 per cent. In assessors' valuations, that, in his opinion, would be a depreciation between 40 and 50 per cent.

### COMMENDS COOLIDGE OUT-DOOR PROGRAM

FRIENDS OF PARKS WRITES LETTER PLEDGING AID TO MOVEMENT

President Coolidge's organization of a National Policy Committee on out-of-door life has received commendation of the Friends of Our Parks of Los Angeles. A letter of congratulation has been sent to Mr. Coolidge by the organization.

### NOT WANTED NOW

Local Police Say They Have No Case Against Burglary Suspect

George B. Brooks, alias Grove C. Brooks, who escaped from the custody of Deputy Sheriff Denison on May 15, 1916, is under arrest at New Orleans, according to a telegram received yesterday by Sheriff Trager.

The Louisiana authorities were notified that Brooks is no longer wanted here. He was originally charged with burglary, but since that time several witnesses have left town and the complaining witness, Mrs. Arthur A. Hunter, formerly of 3998 La Salle avenue, refused to prosecute.

## WHY THE PROPOSED NEW CITY CHARTER IS BETTER THAN THE PRESENT OLD CHARTER

BY GEORGE H. DUNLOP, Secretary Board of Freeholders

- As to Form.
- As to Taxes.
- As to Street Traffic.
- As to the Police Department.
- As to the Harbor Department.
- As to the Outlying Sections of the City.
- As to Various Miscellaneous Provisions.

### AS TO THE HARBOR DEPARTMENT

The proposed new city charter puts a safeguard around the granting of long-time leases at the harbor. Under the present old charter, leases for periods up to thirty years are made by the Harbor Board, without any approval by the Council being necessary. Under the new charter these long-time leases will be subject to the vote of the Council, as well as to the referendum provisions of the charter.

Under the new charter, Municipal Pier No. 1, the city's great pier in the Outer Harbor, must not be sold or leased except under revocable leases. It must remain under the city's active control and management. This provision was in the charter for a number of years and their dropped out when a certain charter amendment was adopted. The Board of Freeholders thought it very necessary that this provision be restored, and it is included in the new charter.

The old charter provides a salary of \$4000 for the president of the Harbor Board. This salary was introduced by the certain charter amendment above referred to. Formerly there was no salary attached to the position. A great deal of contention arose over the office after the salary had been attached to it and recently the Mayor asked the Council to resign.

Meanwhile the shipping and commercial interests of the city, as represented by the Chamber of Commerce, the World Trade Association, and the Greater Harbor Committee of Two Hundred, asked the Board of Freeholders to abolish the salary and change the Harbor Board back to an unpaid board of five citizens, appointed by the Mayor and confirmed by the Council, said board having authority to appoint a well-paid general manager for the department. The Harbor Board will have the same control over the general manager that the board of directors of a large private business has over the paid general manager it appoints for its business. This is a sound, businesslike form of organization for the Harbor Department. It has the approval of the three great organizations named above, all of whom have the welfare and development of the harbor so much at heart.

This efficient form of organization is used in the new charter for a number of other departments.

## APPEAL TO BE TAKEN IN MINES CASE

City Officials to Fight Court Order to Pay Back Power Bureau Money

Notice of appeal to the State Supreme Court in the W. W. Mines case was filed in the Superior Court yesterday by members of the Board of Public Service Commissioners and other city officials who were ordered in Superior Judge Butler's decision to repay to the City Treasury \$12,415.50 which the court held was illegally expended for campaign expenses for the \$25,000,000 power bonds last spring.

The notice of appeal carried with it a request for a transcript of the testimony before Judge Butler. The notice was signed by City Attorney Stephens, W. B. Matthews and Grant Anderson.

The Mines case named as defendants R. F. Del Valle, John R. Haynes, C. Dykstra, James S. Baker and J. A. Burton of the Power Bureau; L. M. Anderson, controller of the Power Bureau; John S. Myers, City Auditor; N. T. Powell, City Treasurer and the City of Los Angeles.

Started by Mines to obtain a refund of the money he asserted was spent for postcards, circulars, banners, window posters, automobile stickers, jazz bands and marcel waves for young women supporters of the issue, the case was defeated in his favor and Tuesday Judge Butler ordered the city to collect the money from the defendants at once. The court held that the defendants are liable collectively and individually for the amount and that the whole may be collected from all or any of them.

### Writ for Sale Permit Asked by Realty Firm

Declaring that it has been compelled to discontinue business because of the asserted refusal of Corporation Commissioner Daugherty to issue an amended permit for the sale of home purchase contracts, the Pacific Home Building Realty Company yesterday filed a petition for a writ of mandate directing the commissioner to grant the permit.

The petition set forth that the corporation department had approved the business methods of the plaintiff last year and had granted a permit authorizing the officials of the company to sell its stock and \$250,000 worth of contracts. The company said it requested the department to permit it to sell \$1,000,000 worth of the contracts and had been advised by the commissioner's deputies that an amended permit for the sale of the contracts was being granted upon a further request of the petitioners.

### WOMAN USES GRASS ROPE TO HANG SELF

Despondent because of ill health, Mrs. Katherine Ritter, 53 years of age, of 3429 McKinley avenue, ended her life yesterday by hanging. Her body was found suspended by a small grass rope in a barn at the rear of her home by her sister, Mrs. Carrie Edmonds, who lived with her. She leaves her husband, August Ritter, and a son in the Central-avenue undertaking rooms.

BANKRUPT BROKER BEING HELD ON CHARGE OF EMBEZZLEMENT

J. W. McDonald, bankrupt pawnbroker charged with embezzlement, was refused a writ of habeas corpus yesterday by Judge Hardy after examination of the transcript of the hearing in the Court of Justice Blake.

Attorney Tilden, representing McDonald, argued for the petition, asserting that no evidence was brought out at the hearing to show that McDonald was guilty of embezzlement.

McDonald was charged with embezzlement in connection with the repawning of articles for more than the amount he loaned. He is at liberty under \$1500 bail awaiting trial on several counts of the charge.

Dep. Dist. Atty. Clark argued against the writ.

# The Clothing Industry is under Pressure!

This is the situation . . . Manufacturers of clothes faced a highly competitive market for Spring. Dealers, forced by public opinion, demanded lower prices. So manufacturers responded . . . BUT (here's the point that every clothing man knows)—normal standards of care and quality were scattered to all points of the compass. Clothing manufacturers cut prices—but they cut

corners to do it, they hit only the high spots in clothing construction, skimping here, saving there, making the best of an unwelcome condition. Foreman and Clark, whose phenomenal success at three low prices did much to create this fervor among dealers, sincerely advise the clothes-buying public at this time as follows:

Thousands of Foreman and Clark guaranteed all-wool Suits and Top-coats for Spring. The cut has changed. The styles are new and varied, but no detail of our famous inner construction has been changed or cheapened.

## Every Foreman & Clark Garment Hand-Tailored

The world's largest clothiers hold the spotlight steadily on clothing quality because this season more than ever, public interest is being urged to turn from inner value to mere outer style! (Thumb through the other advertising pages of this paper and see.)

Styling clothes smarter and faster and oftener than any other clothing merchant is a habit with us, bringing two styles for every one shown elsewhere, beating ordinary styles into the retail market by at least six weeks. We pass it by with a mention.

## Inner Construction

But we urge you to dig deep into the facts beneath the style—into the tailoring beneath the surface.

Like a shaft of sunlight breaking through the dark, we show on this page, an X-ray beam flashing through a suit and top-coat, revealing Foreman and Clark inner tailoring, as you would see it if you could follow our tailors, step by step, through the building of each garment.

You would see every inch of inner fabric spend three days in London shrinking tanks, undergoing the cold water shrinking usually accorded only to fine woolsens. You would see skilled tailors take fine linen canvas and soft silver Hymo and build it by hand into each inner front. You would see our famous human-muscle inner construction take form and shape as the foundation of each suit

## Watch the hidden details of clothing construction!

**Human-Muscle Inner Framework**  
Every Foreman & Clark suit or topcoat is built upon this guaranteed foundation, the strongest inner tailoring known to the tailoring trade.

**Semi-Fitted Topcoat**  
Sketched from life from actual F. & C. \$35 coat at \$25

**BROOKES Model Suit**  
Sketched from life from actual F. & C. \$40 suit at \$30

**Also 2 Pants**  
Suits in a full variety of styles patterns and sizes

**GUARANTEED SUITS and TOP-COATS**

We ask no man to constitute himself a technical expert on clothes—but we do point out a few elemental truths of clothing quality which you should know. Without them a suit or top-coat cannot be right. With them, plus all-wool, plus smart style—plus right price—it can be and is!

## Trade Upstairs and Save \$10

or top-coat. You would watch nimble scissors hand-cut each pattern, hand-trim each edge, hand-shear each buttonhole! Every Foreman and Clark coat is anchored to this hidden framework which gives and flexes with each twist and turn you make, but never sags, never bags, always falls back into its smooth lines of carefully draped style. Note these guaranteed features of hand-tailoring—study them well—they are the foundation of value—they double the life of Foreman and Clark clothes—try to find them in any other garment within \$10.00 or \$20.00 of these prices.

## ANCHORS F&C Style

FRIDAY MORNING

C.O.P. RE  
TO BUTCoolidge Se  
Campaign CManager of Primary  
Will Succeed Adams  
National ChairmanPresident Announces  
After Conference W  
Retiring Official

(BY A. P. HUNT, WIRE)  
WASHINGTON, May 1.  
Hart M. Butler of Mass.  
will manage the 1924 Repu  
national campaign and  
John T. Adams of Iowa as  
man of the Republican Co  
Committee, if President C  
is nominated at the Clevelan  
convention as the Republi  
ard-bearer.

President Coolidge decid  
day that if he is nominat  
the Cleveland convention, h  
recommend selection of M  
er, his pre-convention ca  
manager, to the new Repu  
National Committee for the  
manship and in accordance  
custom, his recommendation  
doubtedly will be adopted.

STATEMENT ISSUED  
The President's decision  
announced in the followi  
ment by him made public  
White House tonight:

"After conference with C  
man Adams, who has indic  
me that after the organizat  
the incoming Republican Na  
al Committee, he does not  
to continue as chairman.  
I decided to present to the  
committee for their consid  
for the chairmanship the na  
William M. Butler, who has  
sired the primary campaign.  
The assumption by Mr. B  
of the duties of national cha  
is expected to preclude his  
participation in the contest for  
public nomination for U  
States Senator in Massachu  
and his retirement from the  
is expected to be announced  
in the near future."

ADAMS TO RETIRE  
The decision in favor of  
Butler was made finally by  
President after Chairman Ad  
returning from the meeting  
today in Cleveland of the  
convention arrangements commi  
had informed the President of  
desire to retire as national  
man at the conclusion of  
Cleveland meeting.

Although the final decision at  
the national chairmanship  
event of his nomination was  
reached until today, Mr. Cool  
had been apprised several we  
ago of Mr. Adams's desire to  
tire and accordingly had in  
the near future."
